

Dalton-Robson Re-Union

The 15th annual reunion of the Dalton-Robson families was held on Saturday, July 14th, at Stouffville Memorial Park.

A sumptuous supper was enjoyed. The president, Mr. Charles Feasby, said a few words and conducted the business pertaining to another year. It was decided to hold another one next year at the same place.

The officers elected are as follows: president, Mr. Delbert Holden of Toronto; vice-president, Mr. George Dalton, Toronto; secretary-treasurer, Mrs. Roy Wilson, Atha; sports, Mr. Ford Lapp, Uxbridge.

The youngest child present was little Connie Slack, daughter of Mr. and Mrs. Walter Slack, Stouffville. The oldest man was Mr. George Tran of Atha and the oldest lady was Mrs. Chas. Brillinger, Stouffville. Gifts were presented to three newly-wed couples, Mr. and Mrs. Carl Holden, Markham, Mr. and Mrs. Douglas Smith and Mr. and Mrs. Roy Johnson.

The sports were supervised by Mr. Randall Spofford, convener, of Stouffville. All ages enjoyed them, and a peanut scramble really delighted the younger ones.

Police Believe Three Separate Robberies May Be Linked

A number of weeks ago thieves walked off with over \$400 worth of shingles and lumber from the home of Mr. G. Hamely who is in the process of building a new home on the 6th concession of Markham, 1 1/2 miles north of Unionville. On Sunday night or early Monday morning thieves towed the new gravel truck owned by Mr. George Hoover of North Markham to some distant point and it was some time before Constable Wideman was able to locate the vehicle which was found on the side of the road on the 5th concession which is the townline between Vaughan and King Townships. No damage had been done to the truck and police were unable to give a motive for the

Four Sub-Divisions Turned Down by County Planning Board in Markham Township

Preliminary requests for four new sub-divisions in Markham Township were turned down last week by the County Planning Board according to a communication tabled at the regular meeting of township council on Monday evening.

The new divisions, the letter stated, were not in the best interests of the municipality, and so permission was not granted.

Council had previously filed the customary questionnaire from the Board concerning the various aspects of the proposed sub-divisions as to services required, and those already provided.

Markham Council themselves took the stand some time ago, that additional sub-divisions were not desirable in the municipality under the existing high cost of services and education, and have stated their position quite emphatically on more than one occasion that agents who contemplated any further division of farm land into sub-division areas would find it extremely difficult.

A deputation appeared before council concerning the request of a couple of weeks ago to prohibit the North Yonge St. railway from turning buses on streets in Highland Park sub-division.

"We're trying to do something to stop them if the people don't want them," stated Reeve Tim-

roberly. On the same night, however, over 40 bundles of shingles were stolen from the new home of Mr. Bill Ilet in Mount Joy. Police, however, are lacking any definite clues to the robberies although it could be possible that the lumber robberies and the theft of the new truck could all be linked to one gang. So far the building material has not been located.

bers. "We could have had them stopped the day we interviewed the manager, but what about the other people on the route."

"The railway was high-handed in coming in there in the first place," commented one of the delegates.

"If they have to purchase land for a loop, you might turn your profit into a deficit should all the four municipalities involved take the same attitude," said Councillor W. L. Clarke.

The delegation agreed to leave the matter with Reeve Timbers with the understanding that a meeting would be held shortly of the four municipalities concerned with the system.

An offer was accepted from Frank Roberts for the use of his garage for the township graders for either storage or repair work temporarily until the township can have a new garage erected. The clerk was instructed to send a letter to Mr. Roberts expressing council's appreciation for this offer.

A petition was filed for local improvement on the road described as the easterly limit of Richmond Hill and easterly limit of lot 48 with road to be constructed along the centre of lot 48. Council agreed that township engineer should make preliminary survey and estimate on the work.

GOODWOOD

The Goodwood United Church Sunday School is holding their annual picnic at Musselman's Lake, Wednesday afternoon, July 25. Bring your basket and be there in time for supper at 6:30 sharp.

We understand there is a good crop of hay in the park that needs cutting. Hay being such a good crop and hard to save due to the wet weather, it is not likely that anyone wants it.

Mr. Edward Smith is the new man on the C.N.R. section. Few are attending church on account of so many holidays and the hot weather.
