

Owners Get 1920 Prices if Shipped Steers Die, Hurt

If a steer dies or is injured while being shipped by rail, its owner is entitled to claim the amount a similar animal was worth in 1920.

Shippers want the railways to pay the present market value of livestock, which they say is three or four times as much as when the railway contracts were drawn up 31 years ago.

The Toronto Livestock Exchange asked for a revision at a meeting last week with R. K. Watson, chairman of the Canadian Freight Association, and railway officials. Supporting the Toronto group were members of the Montreal and Winnipeg livestock exchanges.

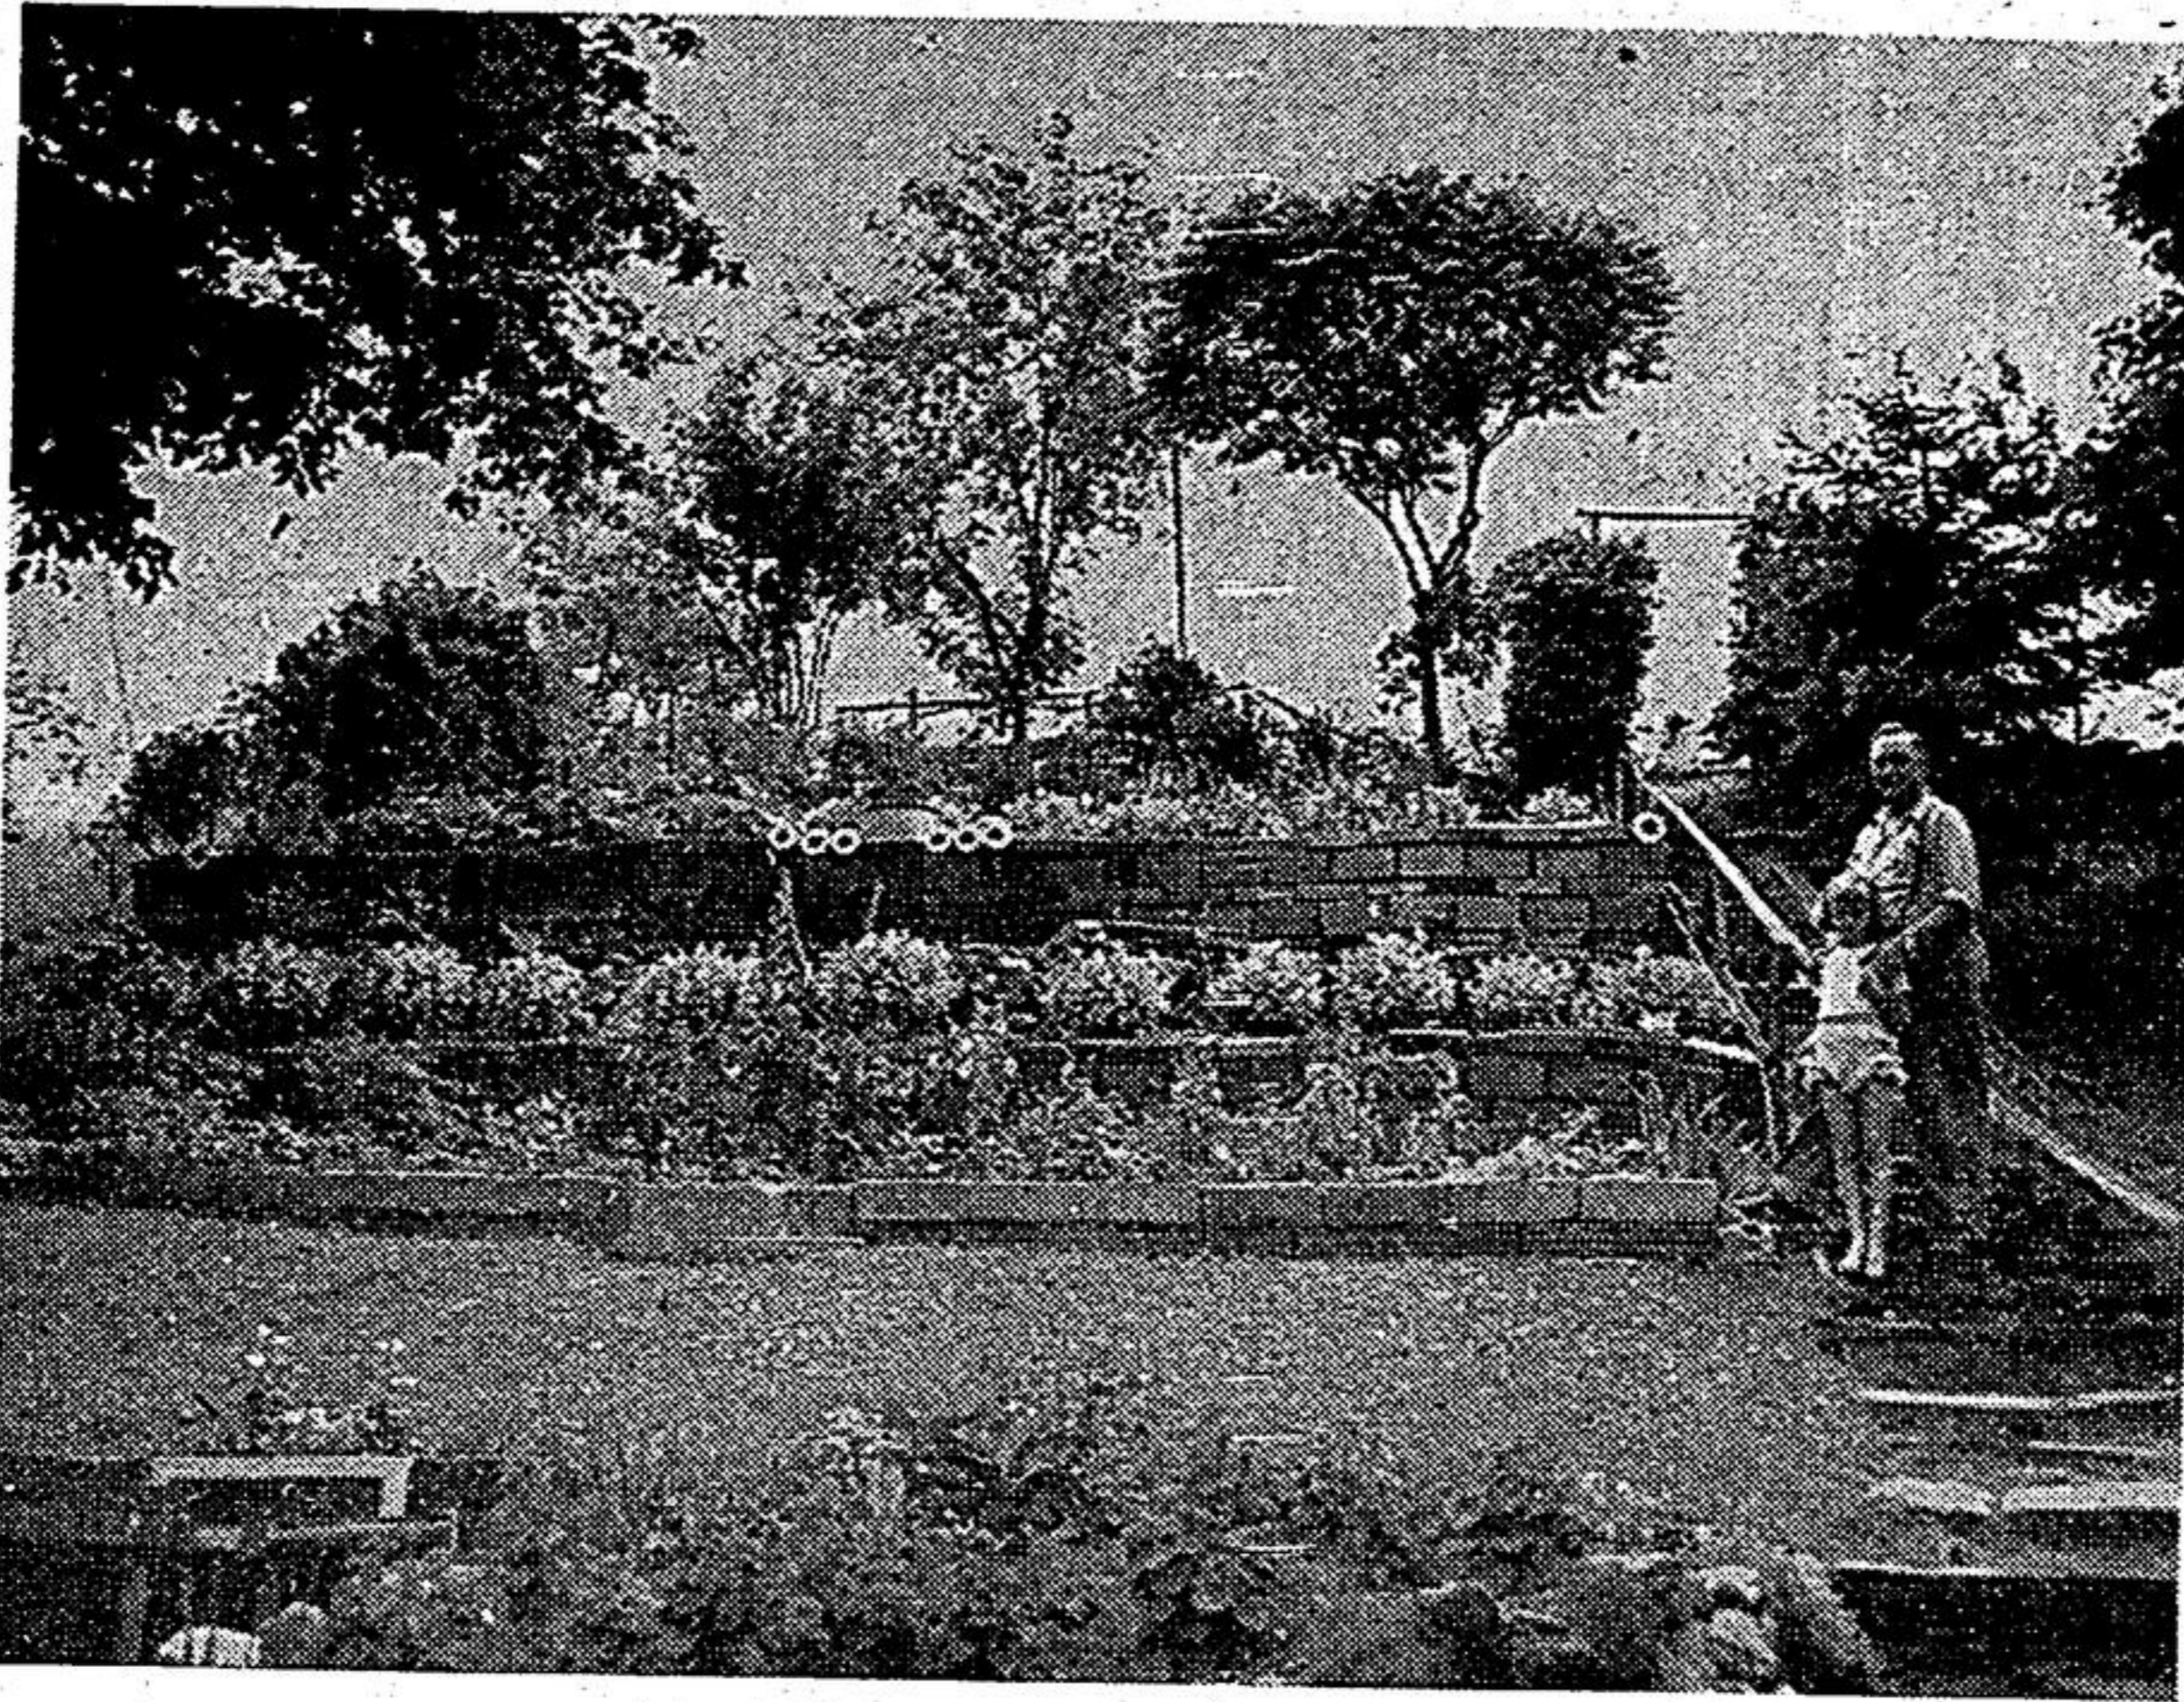

The shippers also asked that the railways provide slatted cars in winter to prevent chilling draughts on the animals.

17-OUNCE FROG LEAPS 15 FEET 6 INCHES

A 17-ounce "athlete" was the most celebrated jumping frog in Calaveras County, Cal. He won the grand finals of the jumping frog jubilee with a prodigious leap of 15 feet 6 inches, only 8 inches short of the world's frog jumping record.

The winner beat 200 other contestants including two specimens named Isope and K-25 which were said to have been juiced-up with radio-active materials at Oak Ridge, Tenn., until they rang up 200 on Greiger counters.

A UNIQUE LAKESIDE FLOWER GARDEN

H. A. Bevens and his granddaughter are shown here beside a unique flower garden which Mr. Bevens has constructed over a period of years in the rear of his cottage "Eldoriss" on Rest Nook Beach, south shore. A high

embankment butts the rear of the cottage on this drive, but Mr. Bevens overcame this handicap and has constructed a most pleasing garden spot.

ing the services during the first month of the summer season. Sunday morning service begins at 10 a.m. with Sunday School at 11. Mrs. George Hill of Windsor Drive provides the organ music every Sunday. Mr. A. Jarvis is Superintendent of the Sunday School and is assisted in all church work by Mr. L. M. Pringle and Mr. J. H. Joy, both of the South Shore.

Dismantled Churches Provide Cottagers with Meeting Place

Over 20 years ago a Mr. Morgan and Mr. Lauder who have since passed away banded together to purchase the Presbyterian Church at Ballantrae on the property of Ross Hood and under their direction the dismantled building was hauled to the east end of the lake and put together to form what is now known as the Musselman's Lake Community Church. The religious residents of the community at that time went to this humble place of worship although often they had to move from place to place inside the building as the rain dripped down through the gaping holes and cracks in the walls and roof. Some of the early residents of the Lake district

remember well how the birds would fly about during the service but this fact didn't bother the worshippers but only made them more earnest in their task of repairing and beautifying the building. The Bloomington Church offered the solution for the much needed interior refinishing that was desired and the hard working cottagers brought the seats, carpets and other articles from the disbanded building up to the Community Church. The walls were sheeted and varnished and a little later the electricity was put in to make things a little more comfortable for the faithful worshippers.

A WEEKLY INFORMATION SERVICE

MONTREAL—Tasting is believing how very good this tea really is! Yes, the blenders of RED ROSE TEA have made an ideal of quality—so that there's real flavour-satisfaction in a cup of their excellent tea. And real economy, too! For since Red Rose Tea is good tea its flavour goes a long, long way—gives you more cups per pound! And each superb cup of Red Rose costs you less than a cent—including the milk and sugar. So it's both taste-wise and budget-wise to make a year-round, clock-around habit of Red Rose Tea! And, by the way—you'll find that Red Rose Coffee is every bit as good as Red Rose Tea!

Here's A Brand New "Buyword" for folks with bothersome corns 'n' calluses... a word you'll use again and again if your feet are a problem to you—Phenylum! It's the new wonder ingredient in BLUE-JAY Corn and Callus Plasters. It took ten years of scientific research by Blue-Jay to develop Phenylum—and it was certainly well worth the effort! For Phenylum is effective in 95% of the cases tested—works 33% faster to get rid of corns and calluses. That's why so many folks are saying—"It's the best news in years for people with unhappy feet!" Ask your druggist today for "Blue-Jay" with the new wonder-working Phenylum!

Piping Hot Biscuits and a crisp fresh salad—just enough for a cosy meal for two. And CALUMET BAKING POWDER insures these biscuits of their tender texture, their melting deliciousness. Young brides will find Calumet a boon in all their baking—it's the two-way action that does the trick in cakes and muffins as well as these tempting biscuits: Golden Tea Biscuits...

1 cup sifted flour
1/2 teaspoon salt
6 tablespoons milk (about)
1 1/4 teaspoons Calumet Baking Powder
2 1/2 tablespoons shortening
Sift flour once, measure, add baking powder and salt; sift into bowl. Cut in shortening until mixture looks like coarse meal. Add milk; stir with fork until soft dough is formed (about 15 strokes). Turn out on lightly floured board and knead 20 seconds to shape. Roll lightly 1/2 inch thick and cut with 2-inch cutter. Bake in ungreased pan in 450 deg. oven for 12-15 minutes. Makes 7 biscuits.

Husbands Are A Funny Lot

(Bless 'Em). They'll completely ignore the fact that you've practically worn yourself out cleaning the house from top to bottom—but just let you "do down" their favorite fruits, and they'll brag about "what a little homemaker the wife is!" Never, of course, realizing that with CERTO LIQUID PECTIN you can make jams and jellies that fairly sing with true fruit flavor, in 1/3 the time their grandmother took with the long boil method. Certo is something no modern jam and jelly maker can afford to be without... for even with beginners, results are always sure... the tested recipes under the label of each Certo bottle, followed exactly, insure the best results ever! What's more, you get up to 50% more jam or jelly from the same amount of fruit.

You'll Point With Pride to sparkling, jewel-bright desserts you make with JELL-O JELLY POWDERS. And the family will waste no time in plunging in busy spoons to taste the fruit-fresh flavor of Jell-O. But aside from the wonderful tangy flavor and gorgeous appearance of desserts and salads made with Jell-O—you'll appreciate the ease with which you can prepare any of those seven "locked-in" flavors. No wonder Jell-O's such a midsummer favorite! It's as thrifty a time-saver as you'll find anywhere. Keep several packages of Jell-O on hand this summer, and serve Jell-O desserts and salads often.

"INSULATE as you plaster"

WITH **MICAFIL**
The new lightweight mineral aggregate! Architects, Plasterers, Contractors and House owners who have tested MICAFILE all say it is:
● easier to handle — because weighs only 8 lbs. per cubic foot.
● lasts longer — does not absorb moisture, dries without warping or buckling, does not crack, dissolve, disintegrate or rot.
● affords greater protection — against sub-zero cold or intense heat, against fire hazards, favours low insurance rates.
Replaces sand in modern gypsum plastering construction. See your BISCO Dealer or contractor today!
