Agric. Rep. Calls for Protection of Potatoes, Tomatoes, from Blight

Late blight was found in one potato field in York County last week, according to W. M. Cockburn, Agricultural Representative at Newmarket and he urges all potato growers to be very thorough and regular with the weekly spray or dust to prevent further infestation. Whether one of the copper dusts or spray materials is used or one of the other types, be sure it is a fungicide and not simply an insecticide. Blight and insect sprays can be combined but put on an application once a week to protect the new growth.

Tomatoes, which took such a "beating" last year with thousands of baskets left in the field due to blight should be sprayed or dusted every week from now on right through the harvesting season particularly if it is a wet season, applying one application immediately before commencing to harvest the tomatoes.

For the first, second and fourth application W. B. Fox, local vegetable fieldman for the Agricultural Representatives' Branch recommends using a ziram (zinc carbonate) such as Karbam white, Zerlate, etc. according to manufacturer's instructions. The third and fifth applications should be a copper dust according to manufacturer's directions.

Mr. Cockburn points out that on both potato and tomato blight control success depends on preventing the organism from getting into the leaves by maintaining a protective coating. Spraying or dusting under the leaves if possible and apply before a rain rather than after as the rain drops down the spores from the air and they stick to the wet leaves.

Mountain climbing requires that you be in the peak of condition.

CARDS OF THANKS

I wish to take this opportunity of thanking everyone who has been so kind to us during my recent illness. To the Women's Institute (Gormley) and the many kind friends for the fruit, cards and other gifts and for the visits from our pastor, Rev. P. R. Barley, and to those who put our entire hay crop away, we would like to express our greatest appreciation. George Barrett.

While slowly convalescing and still compelled to use extreme caution, I am eager to say fervent and sincere "God Bless You" to each and all who have so kindly contributed to my comfort and cheer by get-well cards, telephone calls, gifts of flowers and fruit, and most of all by your faithful prayers. Quite a number came in to sing for me which was greatly appreciated. Grateful thanks also to the staff of the Stouffville switchboard for their efficient and prompt response in getting many calls through during my illness. Gratefully yours, (Rev.) A. G. Doner.

I wish to take this opportunity of extending my appreciation to all the friends, neighbours, and relatives, for their many kindnesses, their enjoyable calls, and the many cards I received on the occasion of my birthday last week. Mr. Lud. Hoover
