Little investment - big dividends

For \$2 per family per season, the children of Claremont and area can have the time of their lives on the man-made rink near the school. But such a project costs money to maintain, and so far, the Recreation Committee is about \$150 short. If you have been meaning to send your donation along - do it today. Seven year old Darryl Norton thinks it's the best investment yet. And it is. —Jas. Thomas
