Plan first film for adults

By Lee Wong BALLANTRAE - A special event is planned for this Friday, April 2, when the Children's Saturday Club will present its first film for adults at the Whitchurch Centennial Centre, Ballantrae. The feature is the

Lerner and Lowe musical, Paint Your Wagon, starring Clint Eastwood, Lee Marvin and Jean Seberg. Show time is 8:00 p.m. and admission is \$1.00 for adults and \$.50 cents for children. The regular children's feature for Saturday morning will be the

Walt Disney film 'Rob Roy'. Winners at the 'Over 60 Euchre' held March 23 were: Ladies: Hilda Woodcock - 98; Shirley Yakeley - 97; Mary Reynolds - 53. Men: Ronald Lageer - 101; Jim McGuckin - 97; Len Brillinger - 54. The First Ballantrae

Brownies have been working hard on their annual cookie sales drive and are pleased to announce that they have attained their goal of 800 boxes sold. Brown Owl Mrs. Pat Renshaw expressed her appreciation to the community for supporting this campaign.

The ugly one still looks the best.

Look at it this way. Nobody has what Volkswagen has: A 25 year headstart. All this time we've been refining it. Improving it. Then refining our refinements and improving our improvements. Nobody has the horde of inspectors. The 16,000 individual inspections. Or the grinding tests. Nobody has our kind of paint job: all 35 pounds of it. Nobody builds a car the way we do: airtight. Nobody builds in what we do. An extra heater.

A solid sheet of steel underneath. A rear seat that folds down. Nobody has the service. The electronic diagnosis system: The 2 year 24,000 mile warranty. When the new small cars come out, everyone thought they were going to make the bug look bad. But they forgot that it takes time to turn out a car that won't turn out to be a disappointment. So instead, the new small cars are actually accomplishing something quite remarkable. They're making the bug look beautiful.

Century City - a benefit to area

Dear Mr. Thomas: The letter from L. D. Almack, R.R. 2, Claremont, which appeared in your last week edition was filled with inaccuracies, which call for correction.

A proposal was made to the Township of Uxbridge by Century City which would assure a proper balance of industrial and residential assessment. The proposal provided that residential development would only be approved by the Township after an appropriate amount of industrial assessment was achieved. It was a lack of an agreement such as this for the Bay Ridges development that caused the difficulties in Pickering Township.

Century City showed they could attract industry. C.C.M. announced their move to Century City almost two years ago and are not located in the Township today providing hundreds of jobs for residents of our area, as a result of the stalling tactics of the Township of Uxbridge in dealing with their application. The Century City

site has excellent facilities for attracting both industry and people in need of housing. As I recall reading in your paper, the water supply is abundant with proven sources to accommodate 15,000 people with only a third of the water exploration program completed. Both CN and CPR tracks are located in the immediate vicinity and with Uxbridge Township having an abundant gravel supply, raw materials for building products should be considerably less expensive as a result of savings in haulage fees.

Mr. Almack is certainly ill-informed if he meant that the land bought for Century City is "Ontario's best agricultural land". It is marginal

farm land at best, whereas the location further to the south for new cities as shown in the Toronto-Centred Region Plan would use up excellent farm land. The Century City plan for sewage treatment calls for the use of a fine spray irrigation system which makes use of the growth promoting agents in the treated residue while replenishing the ground water supply. As I understand the system, there will be no discharge into Duffins Creek or Lake Ontario. There will be no pollution.

We have been told that the Century City plan was put before the Government before any land was bought and that the plans were revised to con-

form with the Government's policy which existed at the time. The Government apparently changed its policies in May of 1970 when it brought out its Toronto-Centred Region Plan and in my opinion now has an obligation to resolve the problems created by this change in policy.

Bernard Burnell, R. R. 1, Claremont.

Resigns Mrs. Margaret Bowser, an office employee with the former Township of Whitchurch for seven years and now with the new Town of Whitchurch-Stouffville, has submitted her resignation. The announcement was received by Council, March 23.
