Share Richardson prize

STOUFFVILLE - To receive the Richardson Academic Award has long been the goal of Grade 8 graduates in Stouffville. In almost every instance, the recipient has gone on to even higher acclaim at the secondary school level. In 1971, there is not one, but two winners. Dale Grose and Fiona Waite were honored at graduation exercises, June 22.

In addition to academic accomplishments, Dale and Fiona have been involved in many extra-curricular activities. They also received the York County Board of Education Awards.

Other presentations were made to the following - Michael Gibson and Shelley Lynde, the Stouffville Kinette Award; Rebecca Herbert, the Miss Hosie English Prize; Joyce Hutchinson, the Stouffville Home and School Award for Mathematics; Lorraine Ward for History and Sandy

Schell for Science.

Joanne Gould was the recipient of the Chesebrough-Pond's Prize for Geography.

The world is divided into two kinds of people - good ones and bad ones. The good ones decide which is which.

Student exchange

Fifteen year old Lorie Yeomens, Rupert Avenue, left June 30 to spend two weeks in Levis, Quebec. On her return, she will be accompanied by a teen member of the host family, who will spend a similar period of time in Stouffville. It's all part of a student exchange program, now in Grade 10 at Stouffville District of Education. Lorie is promoted by the Dept. of Education.

This is one of the best reasons for owning a Volkswagen.

It happens to the best of us. Sooner or later, you're bound to run into a little trouble. However, if you run into it with a Volkswagen, it doesn't hurt you very much. VW parts are inexpensive. And easy to replace. And for the most part, you don't have to dismantle half the car to replace most parts. Take the crumpled up fender in the picture for example. It can be replaced simply by unbolting nine bolts. No welding. No bodywork. Just nine bolts off and nine bolts on. A VW dealer won't have to look high and low for a new fender for you either. He's

got all the parts right at hand. And since anything that needs replacing can be replaced so easily, labour costs are held way down. Which means you don't have to be limited to just headlight smashing. You can job the trunk. Graze the door. Or bump off a bumper. It may make you furious, but it won't make you poor. So if your garage door just happens to jump out in front of you and dent up your VW a bit, don't worry. We can conveniently replace anything you use to stop your VW. Even the brakes.
