The fun machine that tears up the boonies like a "dune". The Baja 230 whips the competition for speed, snap and go. And it's just as much at home in the piney woods or grassy slopes as it is in the sand. Whips around windfalls and rocks on a dime. Breaks trails where there aren't any. Altogether, the Ruppster is the movin'est, groovin'est fun machine that ever bulged up a slope - and it's all Rupp!
