

Peggy and Gordon found out that the place for diamonds in Markham is LA VOGUE JEWELLERS, MARKHAM PLAZA. LA VOGUE has the largest display of jewellery in the area. Joe Lyons is showing them one of LA VOGUE'S many beautiful engagement and wedding sets.

With thoughts of a wonderful summer to come, Peggy and Gordon popped in to have a look around this summer cottage on display at RATCLIFF LUMBER, ON HIGHWAY 7 AT UNIONVILLE. Terry Ratcliff explained that they can get everything from the blueprints to the finished product from RATCLIFF, plus even tips on how to furnish it when they had it built.

Like all young housewives, Peggy likes convenience. This Westinghouse electric range combines convenience with the beauty of its warm poppy colour. Fully automatic, it has a self-cleaning oven, roast guide, rotisserie, highspeed broiler and plug out elements. Peggy found it with matching Westinghouse refrigerator on display at WATTS ELECTRIC & PLUMBING, 106 MAIN ST. N., MARKHAM.

A talk about financial planning is a must for every young couple starting out. Peggy and Gordon dropped in to talk to an expert - Mike Murtha, manager of AVCO FINANCE, MARKHAM PLAZA, MARKHAM. This is the kind of helpful advice that Mike likes to give, and, of course, it comes free when you check one of AVCO'S many plans. At AVCO they believe in you.

Gordon likes his suits meticulously cleaned and pressed. Debbie McCandless assures him that he can rely on ROSEDALE CLEANERS AND LAUNDERERS, 20 MAIN STREET N., MARKHAM to give his suits, coats, slacks and shirts the impeccable care that assures a well groomed appearance for a young prospective husband.

Cars aren't a luxury anymore. They're a necessity. Sandy Watt of MARKHAM MOTORS, 348 MAIN ST. NORTH is showing Peggy and Gordon the Volvo 144. Instead of making styling changes, Volvo's attention goes into making hundreds of refinements. This way new Volvos offer even more value, performance and comfort than ever before. And because a Volvo is built to outlast the payment book you'll still have value, performance and comfort after you've paid for it.
