

Cleaning up in Stouffville

These two lads, Bruce Lagout, 11, and Richard Bartlet, 10, found something to do with their summer holidays: collecting garbage. They stopped in at The Tribune with a bagful collected along the roadside. Asked why they're doing it Bruce replied, "It's fun." —Mark Niblett

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue. A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most important of all—results were so thorough that this improvement was maintained over a period of many months. This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.
