

**Society
praised
by mayor**

UXBRIDGE - Mayor T. R. Newton praised the work of the Uxbridge Horticultural Society when he addressed visitors at the annual Flower Show held in the lower auditorium of St. Paul's Anglican Church, Saturday afternoon. He said the organization had contributed much towards the beautification of the Town and said he was hopeful similar projects might be carried on in 1972—the municipality's centennial year. Mayor Newton noted particularly the enthusiasm shown by young people, the 'life blood' of the Society in years to come.

The 1971 president is Mrs. Charles Myers, Mill Street. Special award winners were Mrs. Ted Stevenson, Highest points 'Specimens', Miss Elsie Ferguson, Best Single Exhibit; Mrs. Dorothy Simpson, Most Decorative Exhibit and Mrs. Harry Boardway, Best Vegetable Entry.

A sign that speaks for itself

This photo needs little explaining. The sign is located on the golf course property of R.G. Roy, Brock Road, south of Claremont. It vividly proclaims his

feelings towards Pickering Township Council on the questions of assessment and taxes.

OMB rejects water plant payment plan

Haircuts \$1.25

UXBRIDGE - A haircut for \$1.25? That's what Lloyd's Barbershop in Uxbridge is offering, Sept. 10 and 11. The occasion is the annual Sidewalk Sale in Uxbridge. Nineteen merchants are participating.

PICKERING TWP. - A financing plan, whereby the entire area of Pickering Twp. would pay a share of a \$½ million extension to a municipal sewage plant, has been turned down following a Hearing before the

Ontario Municipal Board. The rejection falls in line with the argument offered by Ward 2 councillor, Mrs. Jean McPherson, who repeatedly charged as unfair, a proposal that would require the whole township to pay 40 percent, in recognition of industrial assessment acquired through the service.

"It's an unjust charge," she told a meeting of council, Aug. 23, "the north end (rural area) will never benefit except by a small portion of industrial assessment. It's unfair to ask the people of Claremont and Brougham to pay for this drop in the bucket!"

O. M. B. representatives contended that the total expense should be charged to the benefitting property owners whose lands about the sewage mains.

Councillor Ron Chatten argued that such a policy would

force persons on sewers to pay and pay. "These people paid for the plant through the purchase of their homes and now they will be paying for the expansion. It's a stupid situation".

Reeve John Williams suggested the O. M. B. decision would grind all development to a complete halt. "After six months of waiting, it's disappointing to say the least. What you do when you stop growth like this is freeze everything," he said.

Councillor Sherman Scott voiced im-

patience over resurrecting the rural vs urban issue. "That won't get us anywhere," he said. He asked that the engineering and treasury departments come up with an alternative plan for financing.

Members agreed however, that Reeve Williams should first meet with the Board Chairman.

Councillor Jean McPherson added one stipulation—that she be allowed to sit in on the discussion too.

Entertain Parkview residents

By Ruth Hutchings
GREEN RIVER
When can we go back again? That's what the children of Green River Sunday School are asking, following their program presentation at Parkview Home in Stouffville. The boys and girls enjoyed singing for the senior citizens and the appreciation appeared two-fold.

Miss Edith Gostick entertained Mrs. H. Smith and Mrs. V. Ireson to dinner.

Mr. and Mrs. Clifford Postill, enjoyed dinner, Aug. 26, at the home of their daughter, Mrs. Glenn Pennanen, Stouffville, on the occasion of birthdays for son-in-law, Glenn and grandson, Shawn.

Recent visitors at the home of Mr. and Mrs. Alf Michell were Mr. and Mrs. T. Rickard of Uxbridge, Mrs. V. Ireson, Markham and Miss Goldie Coyne.

Sunday School is at 9.45 a.m. and evening worship at 7.30 p.m. Mr. Medhurst will bring the message.

A hay ride and corn roast for Sunday School pupils and leaders will be held at the home of Mr. and Mrs. Austin Pearse, Sept. 2 (tonight) at 7.30 p.m. Those wishing transportation should be at the church prior to this time.

Steam show is rained out

UXBRIDGE - The first official activity of the Uxbridge-Scott Historical Society, a demonstration of steam threshing and other attractions, was rained out Saturday. All hope was finally given up at noon.

On hand was Mr. Russ Flummerfelt, a threshing veteran, who was there to assist Bill Wood in preparing the 1923 Geo. White steam engine. Plans had been laid to thresh a half-acre of wheat on the farm of Gord Kydd, using the White to drive a 1900 Goodison separator, owned by the late Arthur Hamilton. The Goodison has been used constantly, having missed only two harvests.

An added attraction was a 1924 Hart-Parr 58 horsepower tractor, recently acquired by Mr. Wood. Charles Wood of Peterborough brought his shingle mill and drag saw, which he planned to operate with a 6-h.p. one cylinder, International gas engine. The Canadian Legion arranged for a plowing demonstration, with horses and a single-furrow plow.

Others who had offered to contribute included Art Whitney, with his cider mill. The Goodwood, Zephyr, Quaker Hill, Sandford and Bethesda Institutes baked pies. Preparations had been made for corn-on-the-cob, cooked in a copper boiler and fresh coffee.

Undaunted by bad weather, the Historical Society is hoping to stage an even bigger show next year. Members would appreciate hearing from anyone interested.
