Closer liaison is requested

VANDORF - "If you want something done, you have to go to the busy man; the man with lots of time doesn't seem to get anything done"

This remark was made at a recent meeting of the Whitchurch-Stouffville Recreation Committee. It was prompted by Ed Grimshaw who, during the discussion on participation in recreation, said, "Somebody has to stand up and be counted".

The Committee decided to recommend to Council that Mr. Grimshaw be appointed to the Stouffville Community Centre Board, to fill a vacancy created by the resignation of Ian Chapman. It is hoped this will improve liaison between the Committee and the Board.

Mr. Grimshaw, recently appointed to the Recreation Committee to fill a vacancy there, has been working on hockey programs for some months. He revealed that there was a turnout of some 452 boys for Minor Hockey and suggested there might be more.
