NEW STORE...

TAKE ME WITH YOU -

Convenience is important in portable TV. That's why you choose a portable. But performance is important, too. So is reliability. And so is value. That's why Electrohome insists that portable TV perform like console TV. And that's why Electrohome portable TV offers extra value over years of viewing. Portability allows you to have a TV with you wherever you happen to be, on the patio, in your basement or at the cottage. Electrohome portable Black and White televisions are constructed of metal with durable finishes to prevent chassis and cabinet damage when constantly transported from one location to another.

JUPITER. Biggest picture in the line, with rigid chrome-trimmed handle and vinyl-wrapped cabinet. Dipole Antenna. 21" (212 square inch) picture tube. Walnut vinyl exterior. 24 1/4" wide, 13" deep, 18" high.
