

Parents say 'thank you'

BALLANTRAE - A large banner erected on one of the walls in the Whitchurch Centennial Centre read simply: "Goodbye, Mr. Hunt, Good Luck". A printed signature in the guest book read: "We'll miss you". An engraved plaque, presented by Mrs. Laura Windsor, said: "In appreciation of your work in the community".

Warm handshakes said the rest.

Principal Harry Hunt, his charming wife, Phyllis and family, are leaving the area, at the conclusion of the June term, to open a Children's Education Centre at Weyvale, near Midland.

Mr. Hunt, in thanking the people for the reception and the gift, honestly admitted to leaving the school with mixed feelings of emotion. "If you lend the same support to your new Principal as you have given to me, everything will be just fine", he said.

Harry Hunt entered the teaching profession at the age of only 18. In the eighteen years that have followed, he has served at White Rose, Jefferson, Lloyd and Ballantrae.

In addition to the plaque and a purse of money to follow (we like to spread it out a little), said Mrs. Windsor, a lovely picture in oils was presented by 10 year old Michael Palmer, a pupil in Grade 4.

Earlier in the week, 60 teachers gathered at the Centre to say farewell and present Mr. and Mrs. Hunt with a nature set of encyclopedias.

Ballantrae Public School principal Harry Hunt was honored, Friday, at a reception in the Whitchurch Centennial Centre, prior to his leaving the community to enter another field of education. Mr. Hunt was presented with an engraved plaque by Mrs. Laura Windsor, a staff teacher at Ballantrae for many years. —Jim Thomas.

Don't miss the opening of Children's Village, July 1.

Designer Eric McMillan says he created Children's Village with the idea of "making kids happy". We believe he has been hugely successful. And so will your children when they see it. Children's Village is neither a playground nor a park. It's a wonderland of things never before put together for kids.

Children's Village is different. For one thing, almost the entire two-and-a-half-acre is covered with a huge, orange, translucent tent. So sunlight gets in and rain stays out. And what's inside is really something else. We have over 30 games, toys, rides, traps and gadgets to test your child's skill and provide hours of enjoyment.

Children's Village opens July 1. Free with Ontario Place gate admission.

snack bar. We even have places where you can dine and sip something cool on a patio overlooking the water.

Tour Ontario's history... For the same \$1.50 admission, you can also see one of the world's most advanced exhibitions in the Ontario Place pavilion pods. You'll see the whole of Ontario's thrilling history in films, slides, scientific displays and plenty of electrical gadgets.

Just to be there is exciting. Be there. How to get to Ontario Place. Ontario Place is on Toronto's Lakefront opposite Exhibition Park.

You can come by car, public transit, bus, GO train or boat (we even have our own marina). Just call 965-7711, for personalized directions on how to get here. We can also give you some names of sensibly priced hotels and motels in the area.

We're waiting for you. You've just read a portion of what Ontario Place has to offer you this summer. There is much more. The shops, the boutiques, 11 M.C.S. Haida, the WW II Spitfire fighter-plane, the shuttle boats, the paddle wheeler "Niagara Belle", the brass bands, the bus-train and moonlight on the water are just a few of the added extras we haven't mentioned. We have everything at Ontario Place but you. And we're waiting.
