

Town of Markham has its Wellington 'ditch'

By Madeline Harrison
LOC. HILL - Why is it that No. 7 Hwy. is always torn up at the entrance to the fairgrounds just at Fair time? Toronto has its Spadina Ditch - Markham has its Wellington Ditch. It runs from the fairgrounds to the Fifth Concession. We had the 'privilege' of using that stretch after dark the other night. Our truck is now minus its muffler and we are suffering minor whiplash and a skull fracture.

What's going to happen to the Airport now that Darcy has resigned? There is nobody left to complain about. Will Robert Stanfield win the general election? Will there be a ruckus raised in the House of Commons because Stanfield Underwear is being worn by the armed forces? Will William Davis resign? Will Dalton Bales be our next premier of Ontario? Time will tell.

Where has summer gone? Yesterday, the students were leaving school for the summer vacation. Today, they are back in class. It has been but a moment - except for the mothers. Every time we mentioned that school would soon be starting, the children would pull long faces and the mothers would stand up and cheer. It's up to the teachers to keep them in line now!

Do you realize that the fall T.V. programs have already started with hints about Christmas shopping? It is particularly noticeable in children's program-

ming. Every show, it seems, is inundating us with what to buy for Junior. A mini-motor bike guaranteed to wreck all of the furniture in the house - all sorts of games and toys that will break five minutes after they are unwrapped. But why don't they include batteries? These toys always break apart before the batteries are bought.

We've spent most of the past week watching the Olympics. This has to be one of the most spectacular events ever offered for T.V. viewing. To us, it is what T.V. should be all about

enlightening, entertaining and thrilling. It also gives us a change from watching hockey. Is it just our imagination, or is it true that there are hockey games on the tube every night of the week from September through April? Now we have the added 'thrill' of watching Russia beat the pants off Canada! We must admit though that we are seeing some spectacular plays (by the Russians), and only wish that all N.H.L. games could be that good. It's hockey like it used to be before expansion.

Garnet Hastings Francey

Many at funeral

By Jean Leaf
BUTTONVILLE - Friends were sorry to learn of the death of Mr. Garnet Francey, R.R. 2, Gormley, August 30, at the Country Place Nursing Home, Richmond Hill. Mr. Francey suffered a stroke almost a year ago and had been in poor health ever since. A widely attended service was held Saturday, at the Melville United Church where Mr. Francey had served for many years. Honorary pall bearers included old friends Dr. George Kelly, Sr., Herbert Mortonson and Adam Brown. Surviving are Mrs. Francey the former Jessie Thomson, a niece, Mrs. Marjorie Harrison of Ancortes, Washington, and Dr.

Robert Hastings Dreihbach of Palo Alto, California. Mr. Elmore Hill is still confined to Scarborough General Hospital but his condition is reported improved. While her father is ill, Mrs. Florence Bowers of British Columbia is here with her mother. Mr. and Mrs. Bill Hood visited the West Coast this summer, and now they have a visitor from Mercer Island, Washington State, as a guest at their home. She is Miss Robin Hood, daughter of Bill's cousin, Gordon Hood. She will remain with them for a time.

Mr. and Mrs. Arthur Hewitt and family, spent an enjoyable holiday touring the Maritimes this summer.

One of Sharon Buchanan's extra curricular activities this autumn will be teaching crafts to 7-12 year old boys and girls at a Tuesday evening class in Parkview School, Unionville.

Rev. Allen and Mrs. Hallett and Jane have returned from their August vacation. They spent most of their time in New Brunswick, Nova Scotia and Montreal. Unfortunately, Jane was ill with pneumonia. On Sunday, at Brown's Corners United Church, the congregation welcomed Rev. Hallett

Progress

This bird's-eye view, looking north-east over a section of Markham, was photographed only a few weeks ago, but already the ground-level scene has changed, with construction well underway, north of the new water reservoir (centre-rear). In the foreground is the high school, fronting on Church Street. The picture was taken by Tribune cameraman, Jim Thomas, from a C.H.F.I. helicopter at a height of about 1,000 feet.

Improve Road

ONT. CTY. - An extensive re-construction project on the Westney Road, Pickering Twp., is expected to be completed by the end of September.

Bill Price, Construction Engineer for Ontario County, said progress has been slowed by rainy weather. The work, on a stretch between Hwy. 7 and the 4th Concession, Pickering, involves surface and grade improvements. About 2½ miles of road are involved.

back. There was a service of baptism for Catherine Anne, daughter of Mr. and Mrs. Bill Best.

Vandalism 'minor'

YORK REGION - While vandalism in public schools has been a problem for police this summer, the separate schools have suffered little.

At its August meeting, the Separate School Board received a report concerning the condition of properties. Assistant Superintendent John Zupancic and another staff member toured the area, and termed vandalism "very minor". Their account noted that, while they were visiting St. Thomas Aquinas School, Keswick, they themselves were checked out by police.

Sheet Metal Worker

An experienced sheet metal worker is required at our modern plant in Markham, Ontario. Must be able to layout, develop and bring to completion a wide variety of sheet metal enclosures and components. Experience on fabrication of switchboards and panel board would be an asset. Apply in person or telephone Manager of Employee Relations, 294-4000
