Skating Club - all but forgotten

Dear Sir:
The Recreational Committee has approved the spending of \$150.00 for mementos to commemorate the Bantam hockey team's visit to Switzerland. It is good to see how well the boys of this town are helped and engaged in a healthy sports program. The Stouffville Figure Skating Club has quite a formidable reputation, keeping at least 200 girls off the street and engaged in the sport of figure skating for the past 22 years. It seems very unfair

that the Recreational Committee would spend money on mementos while the Skating Club, who have been in financial difficulties for 3 years, owing to the high cost of ice, must have their pleas turned down flat when asking for aid. The Municipality have been more than generous to the Minor Hockey too, donating large sums of money to their organization while once again the Skating Club received nothing. The Arena Board without consulting the Skating Club took one

hour away from them. That is like tying one arm behind your back. The rub is that the one hour was given to the Minor Hockey. No reason was given for the move, but I can't help thinking that we must be considered a bad risk. The Stouffville Lions Club have been our only help in the past, but they have commitments in so many directions. What a shame that the Skating Club must labor this way. In complete opposition to my beliefs, I am beginning to

believe in mercy killing. Just a small deficit administered in the right direction and it will be finished. I mean, who needs a poor relation when a person is on his death bed!
