By Evelyn Milsted

GORMLEY surprise party for them in St. Catharines. Eighteen-year-old Laurie Wooller, R.R.1, Gormley, suffered only minor injuries, in a single-car accident that completely demolished her auto. Laurie, a first-year student at Victoria College, University of Toronto, was returning home, Oct. 19, when her Volkswagen went out of control on the Gormley Road, east of Bayview, and overturned. She was thrown out. Laurie can recall nothing of what happened. She was admitted to York Central Hospital, Richmond Hill, for treatment and observation, and retained there overnight. On the advice of her physician, she will not return to regular classes until next week.

'I tried it once'

And that was enough! What really turned me off was Benson's White Paper. He could hardly find enough excuses to cover his idiotic proposals when the party moved him elsewhere to cover up. You scarcely hear from him anymore! Thank goodness!

Unfortunately, we do hear from John Turner, who once again has made us the highest-taxed people in the world. Show me the family in Canada who can put money in the bank today and I'll show you someone who has found a way to opt out of Trudeau's "Just Society".

I'll Vote Conservative.

Thanks . . .

Township of Uxbridge Council wishes to express its gratitude to the many people who assisted in the arrangements for dedicating the new Community Hall at Goodwood.

It was a tremendous tribute to Arthur Latham who did so much to make this the showplace of the community.
