Education candidates on bussing "hot seat"

STOUFFVILLE — The 'hottest seats in Town', Friday, were occupied by John McMurray and Michael Durnan, candidates for York County Board of Education, at a Whitchurch - Stouffville all - candidates' meeting in Latham Hall.

Residents from Ballantrae area, who comprised a large part of the audience, zeroed in with questions on school bussing. "Have you ever been on a school bus?" demanded Mrs. Robt. Gayton. "I suggest both of you men ride one of our buses ... Make your own decision and get ready to do something."

The candidates, although not committing themselves to the ride, accepted bussing as a major problem in the Ballantrae area; that policies on safety, routes, road and weather conditions should be set by the Board and that there should be closer liaison with the rural areas. Mr. Gaston directed a question on discipline at the candidates. "Has either of you the courage to go against the trend and give authority back to the teacher?"

Mr. Durnan ventured there was a "happy medium" in discipline and that it was necessary to establish protection

for the child and the teacher. "You can't go back to the days of the rod."

Mr. McMurray as an educator, faulted parents as much as the school system for students' lack of respect. "Discipline has to come back to the school. We have to set outlines and they have to be observed - but parents must stand behind us."

In his individual presentation, Michael Durnan advocated that people be encouraged to come out and see what is happening in the schools; that more Canadian content be used in educational programs; that little schools and classes for handicapped or brilliant children be given sound consideration.

John McMurray commented that he was familiar with various types of education. Though not advocating open-plan systems, he suggested that the construction of such schools was cheaper and he pointed out that 'the little red schoolhouse' was the forerunner of this program. He considered it difficult to decide on locations of schools with shifting growth patterns. A prefabricated complex, like the portable classroom that could be set up or taken down as needed, he felt, was a thought for the future.

Regional recreation

UNIONVILLE — Harry Crisp and Bob Adams, candidates for Regional Council, made their presentations to Ward 3 residents, at a meeting in Parkview Public School, Nov. 23.

Mr. Crisp, former Clerk for the Town of Markham, explained that he had come out of retirement because he wanted to continue to serve the municipality in some way.

He said that he had found "no real issues". Regional Government, he felt, had growing pains and was top-heavy in administration. "Many people don't know what Regional Government is."

Mr. Adams remarked that, as a Town councillor for the past two years, his primary interests lay in promoting recreation facilities in the municipality. He stressed the need to do this in all levels of government, particularly in the development of parks.

A member of the audience, claiming that organized sports had "gone too far" and were too competitive, wanted to know if future plans would include outdoor pleasure rinks where neighborhood children could play.

Councillor Adams

Cowan Residence, Mongolia.
The polling hours extend from 11 a.m. to 8 p.m.

Berserk sound system blamed on Bell

MARKHAM — Many hours of work went into the planning of Markham Dist. High School's Commencement program, Friday.

Just when everything seemed in order, vice-principal Harold Zavitz told the audience later, the sound system on stage "went wild".

"It was the weirdest psychedelic kind of sound we have ever heard," he said, prompting staff members and students to call on the skills of the technology department to seek out the problem.

Finally, after considerable searching, the trouble was traced to Bell Telephone's new receiver tower, erected recently on Church Street, across the road from the school.

"Mr. Christie (acting principal), threatened to blow it up," the speaker said. The students applauded.
