

Longtime Ringwood resident is 98

STOUFFVILLE - An informal get-together and birthday celebration was held at Stouffville Nursing Home, Nov. 10, to mark the 98th birthday of Miss Priscilla Pipher, a lifelong resident in the municipality.

She was born on the family farm at Dixon's Hill, but moved with her parents, Isaac and Roseann Pipher, to Ringwood when she was 8 years old. There were two sons and three daughters in the family. Miss Pipher's sister, Mrs. Luella DesRosiers is still a resident of Ringwood and a brother, Harvey, lives in Toronto.

just "any good picture". Miss Pipher is nostalgic about the "good old days" when she feels people were more friendly.

The Tribune hopes to revive these "good old days" for Miss Pipher, in addition, to the birthday greetings, its own "friendly" good wish.

'Ruffled' grouse

CLAREMONT - Darcy McKeough, former Minister of Municipal Affairs, is obviously not a member of the Audubon Society.

Egerton Pegg, Claremont, R.R.2, a recognized bird fancier and conservationist, told the Airport Hearing, Dec. 7, he had written to Mr. McKeough concerning the types of birds listed in a government report, but not native to Pickering Twp.

In reply, Mr. McKeough, the speaker said, referred to the Ruffed Grouse as 'Ruffled' Grouse.

He told too, of receiving an answer from Transport Minister Don Jamieson. "I'm proud of the letter, but there's not much in it", he said.

Mr. Pegg anticipated receiving further correspondence in the future.

Priscilla Pipher, formerly of Ringwood, and now a resident of the Stouffville Nursing Home, celebrated her 98th birthday, Dec. 10. Present for the occasion was her brother, Mr. Harvey Pipher and sister, Mrs. DeRosier.

Daughter of Late A. J. Daley Celia Montgomery passes in 94th year

Mrs. Celia Montgomery, oldest daughter of A. J. Daley, who was Reeve, and a distinguished citizen of Stouffville for many years, passed away, Dec. 3, in Winnipeg. She was in her 94th year.

Mrs. Montgomery is survived by son Jack; sisters - Mrs. Millie Taylor, Lakefield; Mrs. Ina Kattmeier, Edmonton; Mrs. Laura Oldstand.

Mums - winter care

In fall gardens, nothing is quite as successful as the hardy chrysanthemum. They provide a brilliant final display when only a few flowering plants remain in bloom in the garden. As well, they'll withstand light frosts and continue blooming right up to the winter freezeup. But although they are hardy, not many "mums" will survive our severe winter weather year after year, says R. A. Fleming, horticultural specialist, Ontario Ministry of Agriculture and Food.

In southern Ontario, a loose straw mulch or covering of evergreen branches should provide sufficient protection most years.

If only a few plants are to be protected, invert bushel hampers over them. If soil drainage is good, these methods are usually satisfactory.

The safest way to overwinter chrysanthemums is to bring them indoors after the leaves and flowers have been killed by frost. Dig up the best of the plants with a loose ball of soil around the roots and place them in a shallow box or flat. Store the plants in an unheated garage, toolroom or cool basement. The temperature should not be any higher than 40 degrees. Water them occasionally to keep the plants in good condition.

I would like to thank the people who had faith to support me and my previous two years record of serving you as councillor with everyone's interest at heart and your tax dollars in mind.

Whitchurch-Stouffville THANK YOU

Your support in electing me to represent you as councillor for Ward 6 was most gratifying.

I will give my utmost to justify your confidence.

May I extend the season's best wishes to everyone.

Sincerely,
Eldred King

POOR MOM

She hasn't had a new stove, fridge or dishwasher in 26 years. Mean while Dad's traded cars at least 7 times. He got a new TV for the hockey season too.
