It looks almost too good to be tough.

The Toyota Corona 2 litre hardtop.

Now you can have a car with all the good looks of a fastback. Most of the packing space of a station wagon. And all the durability and economy of a Toyota.

And it offers all the good old standards Toyota Coronas are known for. Plus a good new one... the ability to become a semi-station wagon. All you do is put the back seat down and you've

got a trunk 6 1/2 feet long. Come see for yourself. You'll find the Corona Hardtop tougher than it looks. And more spacious than it looks. But less expensive than it looks.

It's the new Corona 2 Litre 2,000 cc Hardtop.
