## WHAT DO YOU THINK?

► We asked: Feb. 18 is Family Day, but according to a new report, 40 per cent of Ontario workers will be expected to work that day. Others will get the day, but will have to give up a floater day in lieu. Will you get Family Day off and what are your thoughts on the situation?

► You said: What does Family Day mean? It means all companies should be closed in order for families to be together and enjoy the day. People who work week-ends never have time to be all together any day unless they take time off. It's a special day to reconnect with your loved ones.
