Calgary, AB

**Matthew Morison**  
Blackstock, ON

**Mike Brown**  
Perth, ON

At General Motors, we're not content to simply cheer on our athletes. We're committing \$5.2 million to Canada's best. Our GM Making Dreams Possible program awards 10 grants annually to high performance coaches and their Olympic hopeful athletes – the 2008 recipients are pictured above. And we've partnered with the Coaching Association of Canada to provide 100 grants annually to support coaching development in our local communities. This is all on top of our commitment to the Own the Podium 2010 initiative. GM is proud to help Canada's athletes realize their dreams and reach the podium in Beijing this summer and in Vancouver in 2010.
