11th Annual!

2008

Celebrate 11 YEARS of Running/Walking for Markham Stouffville Hospital Sunday, April 27

When IBM and Minto Developments started the Markham Stouffville Hospital Walk/Run 11 years ago, our hope was to establish a healthy enjoyable venue that local residents could support and that would return benefits for the local community. Our wish was that it would be sustainable and might be able to grow with the community. Expectations have been exceeded thanks to community support and the worthiness of the hospital as the beneficiary. We are proud to have played a part.

Emerson Electric has been a supporter for the Legacy 5K Run/Walk since it's inception 11 years ago. Two of the pictured participants, Karen Larsen and Judi Funnell have walked for the past 10 years and will be participating again this year. This is a FUN way to support your hospital and your community!
