FOCUS on Business

GREAT INTERIOR MAKEOVERS BEGIN WITH GREAT TRIM

Dale and Patricia Russell, founders of Canadian Trim and Decorative Ceilings Inc., have been beautifying homes in the Markham area for over 14 years. With an early focus on hand crafted plaster crown mouldings and unique decorative ceilings, the Russell's PLASTERWORKS brand developed a stellar reputation for quality, reliability and, most importantly, customer satisfaction.

The launch of Canadian Trim & Decorative Ceilings Inc. in March of 2003 is Dale and Patricia's response to overwhelming customer requests for more trim products to complete their makeovers. The company now offers:

- ✓ The full line of *Plasterworks* classic plaster crown mouldings
- ✓ Economical MDF and Polyurethane crown mouldings starting at \$4.95 per foot installed
- ✓ A new line-up of baseboard and door casing upgrades that include classic Georgian, Colonial and Contemporary profiles
- ✓ Interior pillars, pilasters and raised panel mouldings
- ✓ Ceiling medallions, corbels and other decorative accents
- ✓ Ceiling refinishing; replacing builders' stucco with classic plaster lace, swirl or other custom patterns developed with the homeowner

"The impact of newly installed crown moulding on a room setting is stunning. Upgrading other interior trims to complement the ceiling mouldings pulls the entire look and feel of the room together. We consider the ceiling the 5th wall. Most people assume they have to live with builders' stucco or are afraid to touch up water marks on ceilings. We love doing ceiling makeovers."

Patricia, who helps homeowners plan their trim and ceiling makeovers via in-home consultation, says people are surprised at how economical it all can be. A 12' X 12' foot room can have crown moulding installed for just \$237.50.

Dale and Patricia's answer to frequently asked questions is YES!

- ✓ We install everything we sell and have a cash & carry program too
- ✓ We can install mouldings on curved walls.
- ✓ We can install moulding on cathedral ceilings
- ✓ We can refinish any ceiling.
- ✓ We do complimentary in-home consultations.
- ✓ You can view our products in our new showroom located just off the 407

Owner Dale Russell believes that his clients say it best. "...our house just did not look complete until the mouldings and ceilings were installed. We painted, bought new furniture etc., but it was the mouldings that pulled the look together. You might say it was the Crowning Touch to my interior makeover"

Amazon Hardwood Centre Inc. opens its doors to Stouffville residents

Amazon Hardwood Centre Inc. has opened a brand new store in Stouffville, providing local residents with quality products and installation expertise in hardwood flooring. The Main Street location features a 12,000 sq. ft. showroom, where customers can browse the latest in hardwood flooring, which is available in a variety of stains and finishes.

"Stouffville reminds me of the town where I grew up and I look forward to helping homeowners with their flooring needs," says store owner, Zein Mouezzine. "I think people will be impressed with our product line and all of the options that are available, for a truly custom finish."

Visitors to Amazon Hardwood Centre can choose from maple, red oak, ash, beech, birch, hickory and exotic species from Brazil. Dozens of stains are available and the flooring is treated to be extra durable. Amazon Hardwood Centre extends the life of floors through multiple applications of polyurethane with aluminum oxide. Finishes include a sun-shield protection to prevent premature yellowing.

"Hardwood flooring is a major investment, which should be enjoyed for years to come," Zein says. "That's why we go the extra mile in ensuring that our pre-finished floor are durable enough to stand the test of time."

Amazon Hardwood Centre's professional team of installers has the expertise to make your gleaming hardwood floors the focal point of your home. Installers are fastidious about omitting any imperfections, as each piece of flooring is laid. Products and workmanship are both backed by a comprehensive warranty, which gives homeowners peace of mind.

"There is a certain amount of waste involved in the installation of hardwood flooring," Zein says. "We don't charge customers for this wasted material, which gives people even more value. It's all about making the customer happy and that, in itself, is very rewarding."

Zein is happy to come to your home to provide

a free estimate, and financing is available for those who would like to upgrade their flooring now, rather than later. The store offers special promotions every two weeks, and every-day prices are very competitive.

With another location at Steeles Avenue and Victoria Park Avenue, Amazon Hardwood Centre has built a loyal following of customers, who have come to rely on Zein and his team to provide the best craftsmanship possible. Hardwood flooring is a luxurious addition to any interior, and it increases the resale value of homes. The company's new Stouffville location builds on this success and gives residents north of the GTA the opportunity to enjoy the same uncompromising service, quality products and superb workmanship.

Amazon Hardwood Centre Inc.
is located at 6420 Main Street in Stouffville. Call 905-640-6620 or toll free 888-640-6620. Visit www.amazonhardwood.ca.
