Has Your Bathroom Seen Better Days?

Steve Mallett, bathroom specialist says, "The makeover will be painless if you do your homework." "A new tub right over your old one with a perfect fit is the most common choice," says Steve of Bath Fitter.

"People want as little disruption and no mess left behind," says Caryn Cress of Bath Fitter. We've been doing this for more than 20 years. *Seamless, one-piece* walls ensure no water infiltration on all our units. When you invest money into your home as Mrs. Powell did when she had her tub removed and a low profile shower stall put in you want

to be sure you do business with a company with a solid reputation. We had David Leaman of Bath Fitter do our makeover because several of our neighbours recommended him. "He is a top notch Installer."

Scott Cress, owner of two Bath Fitter locations says "We've done thousands of hotels and homes and would like to do yours next. We will back it with our lifetime warranty."
