COMMUNITY SATISFACTION SURVEY RESULTS

THE RESULTS ARE IN!

DPRA, a third-party research firm undertook a telephone-based community satisfaction survey of residents across Whitchurch-Stouffville in early 2008.

Over 94% of participants indicated their overall satisfaction with the Town's quality of life and 93% with municipal government services. Services and programs with which residents indicated greatest satisfaction included fire and emergency services, the new waste management contract, including the recently introduced Green Bin program, Whitchurch-Stouffville Public Library and leisure and swim programs.

Some local services which the Town could improve upon include road and sidewalk maintenance, traffic control and safety measures, neighbourhood planning and environmental protection.

The survey will be used to help the Town address gaps and will serve as a benchmark for future surveys.

Copies of DPRA's full report are available on the Town's website www.townofws.com or at the Lebovic Leisure Centre, Museum and Town offices during regular business hours.

Are you odd? ... or even?

As of May 19th, all of York Region's municipalities are under a Water Conservation Notice, meaning that residents must follow local outdoor water-use bylaws until September 2nd.

Odd house numbers may use water outdoors only on odd numbered days of the month and even house numbers may use water outdoors only on even numbered days of the month.

- Outdoor water use is allowed between 6:00 a.m. to 10:00 a.m. and 6:00 p.m. to 10:00 p.m.
- One-month grace period for new sod and seed

What about Water Bans?

Should hot, dry weather deplete our water supply levels and hamper our ability to handle emergencies (i.e. fighting fires), the Region — or parts of the Region — will be under a Water Ban with no outdoor watering permitted.

Visit www.waterfortomorrow.com for water conservation tips.

For further information, please visit our website at www.townofws.com or call Public Works at 905-640-1910 or 905-895-5299 ext. 306.
