Diabetes walk hits home with boy, 12

A Stouffville youth walked for a good cause, and a personal one, last weekend.

Jules Bartle, 12, participated in the Walk to Cure Diabetes Sunday at the Canadian National Exhibition grounds in Toronto. He was diagnosed with Type 1 Diabetes in April 2007.

Jules rallied family and friends together to create his 29-member unit called Team Power.

Jules, the captain, and his team raised about \$8,000 for diabetes research, with Jules raising \$1,250 alone.

He and his team both surpassed their fundraising goals of \$1,000 and \$5,500 respectively.

a better life.

The Stouffville teenager is among nine other volunteers from the Port Perry Fellowship Baptist Church who will be repainting and restoring buildings, and teaching English at Mi Refugio, a non-profit school for orphans.

"The kids live around the city dump," she said. "We'll help paint and restore buildings and teach English and other classes."

The group leaves for the Central American country today and returns next Saturday.
