financial planning with a difference

John & Diane Gibson of E.E.S. Financial Services Ltd. decided to celebrate their company's anniversary with a generous gift to help expand Markham Stouffville Hospital.

Celebrating 40 Years of Accomplishment with a Gift of \$500,000 to Markham Stouffville Hospital

After 40 years in business, John Gibson, founder of E.E.S. Financial Services Ltd., and his wife Diane reflect on their successes and learnings.

"It was a good decision to move our family and business to Markham. Markham has been good to us," explained Diane. "We feel strongly about giving back to our community. Not only does our staff have access to great health care, but our children, parents and friends use the Hospital's services and receive excellent care, as do we."

John, the pioneer of truly objective financial planning in Canada, prides himself on being a forward-thinker. He believes that "we have to plan today for the tomorrow of Markham Stouffville Hospital."

"Our Hospital is the Cornerstone for a Healthy Community"

"I wish everyone recognized the importance of great health care close to home; I can't think of a more worthy cause for support than our Hospital. It is a truly wonderful place - a leader in health care. We hope to lead by example and inspire others to dig deep."

*John Gibson, President & CEO,
E.E.S. Financial Services Ltd.*

"This is just the beginning of our partnership with the Hospital. We are throwing the challenge out to our family and friends - and the rest of the community - to support the Hospital. We can talk and talk about how important it is, but now it's time to act."

*Diane Gibson, Executive Vice-President,
E.E.S. Financial Services Ltd.*
