Carolyn Campbell is representing Whitchurch-Stouffville at the York Region junior firefighters event today.

## Jr. firefighter impresses department

Carolyn Campbell knows her fire safety.

With that knowledge, she is a natural as 2008's Junior Firefighter for Whitchurch-Stouffville.

The student at Oscar Peterson Public School was one of 200 students now in Grade 5 who entered the Whitchurch-Stouffville Fire and Emergency Services contest.

Students had the option of writing a one-page story or creating a poster on how they would stay fire safe during their summer vacation. Each class that participated received free children's meal coupons from Stouffville's Boston Pizza.

"We had one of the highest participation rates in all municipalities across York Region," said fire prevention officer Jeff Bignell. "Carolyn demonstrated to us (the fire department) in her entry that she takes safety serious."

Carolyn will be accompanied by Fire Chris Powers and Mayor Wayne Emmerson when she meets with the other eight winners from across York Region at an annual education event in Richmond Hill today.

## Stouffville Road storage facility would go green

BY ALYSHIA HIGGINS

Need a little extra space?

A new self-storage centre may be just what you need.

The owner of the proposed facility received approval from Whitchurch-Stouffville council for a site plan control agreement, which permits the construction of a 90,000-square-foot two-storey building at the southwest corner of

on an incredible selection of Ford Cars,

SUVs, CUVs and Trucks.

PLAN

**RULES** 

APPLY:

Which includes all Cars, Trucks, SUVs and CUVs and other

vehicles at every Ford Store. Don't miss this chance!

\$750,000,000

IN INVENTORY!

Kennedy and Stouffville roads.

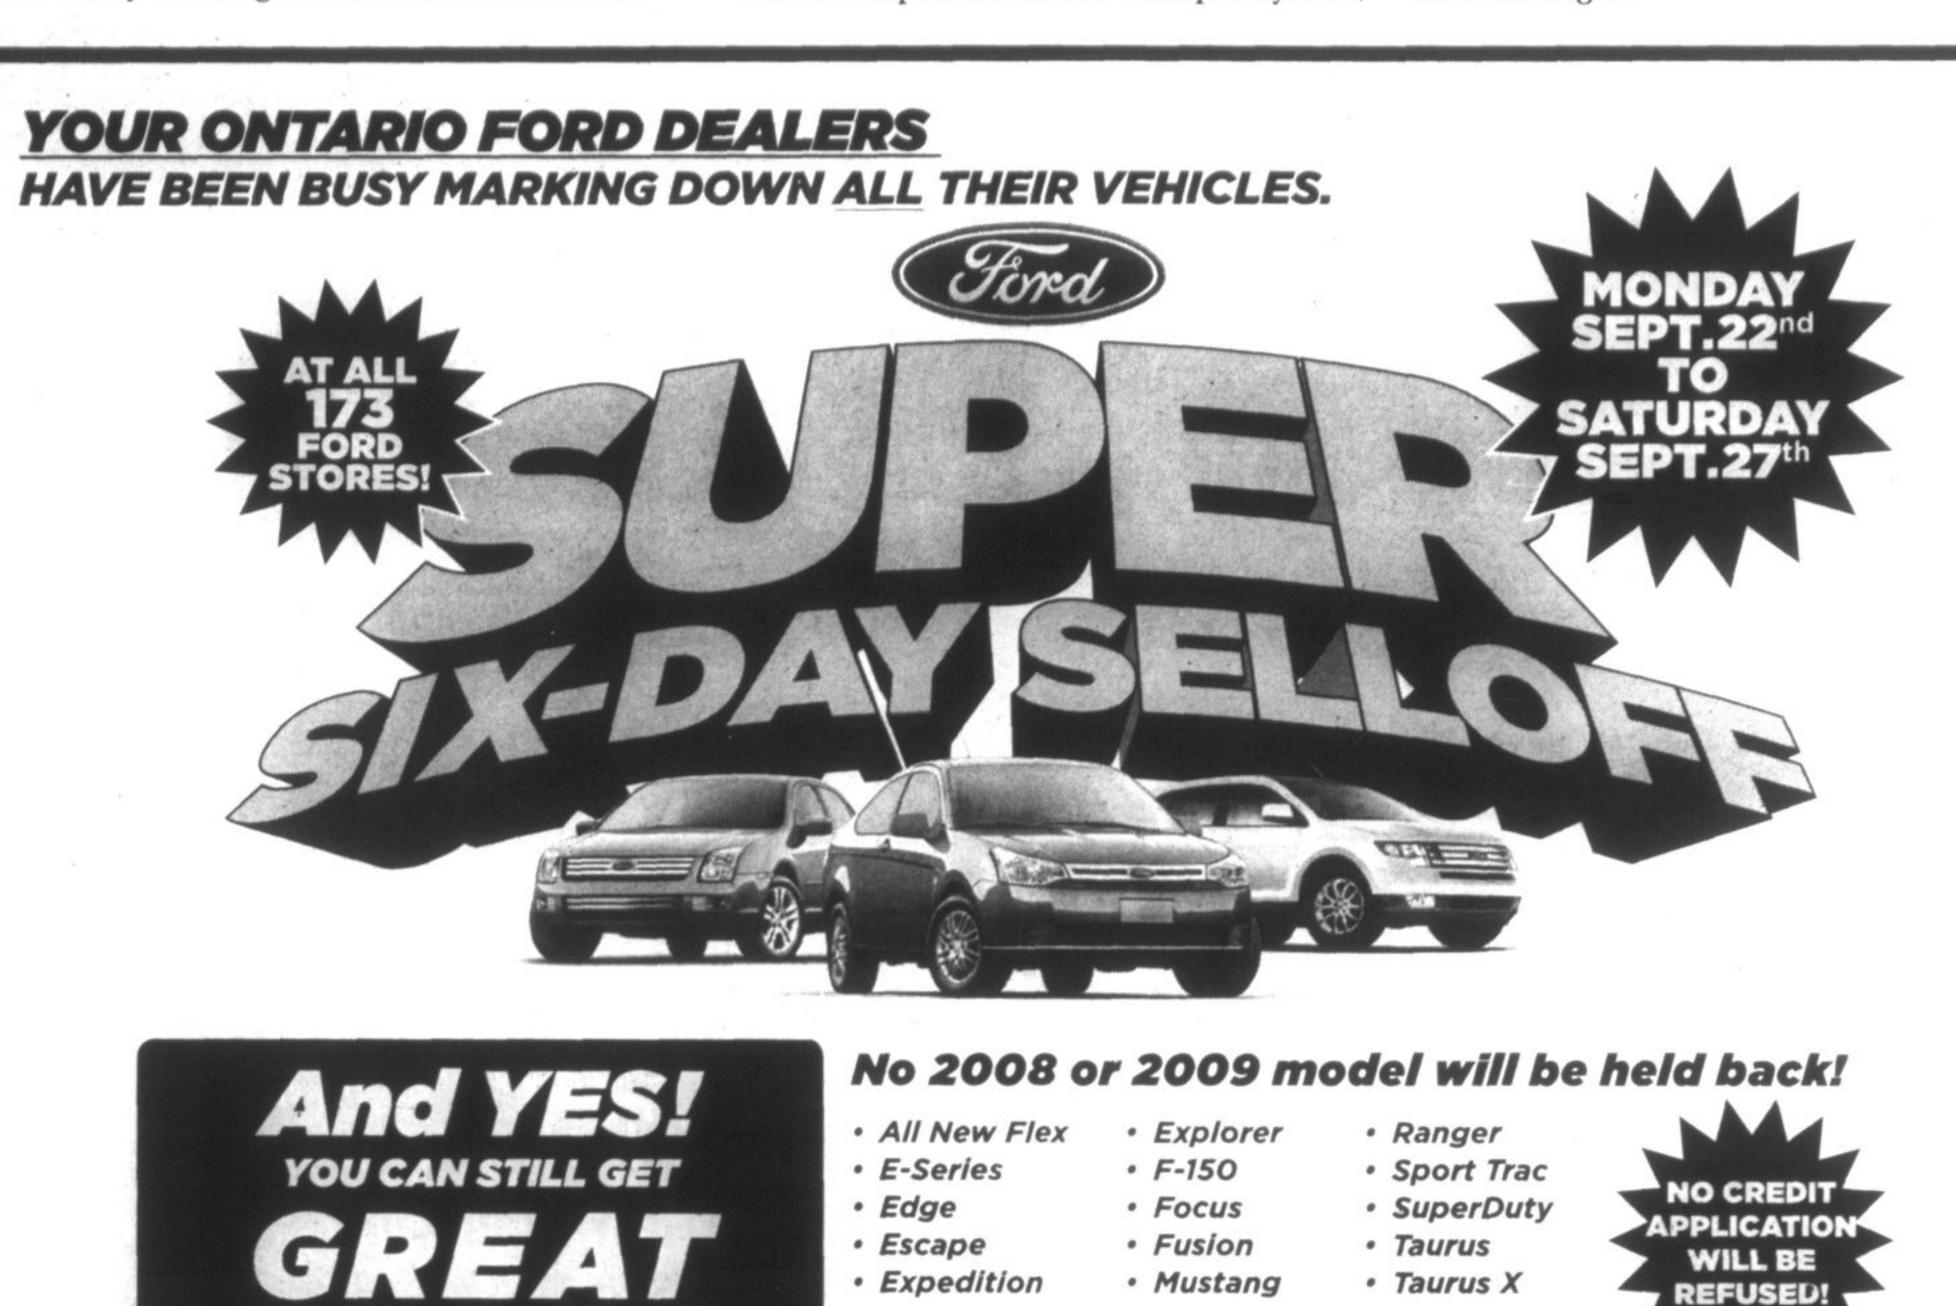

The design also includes a manager's office and residence.

Sentinel Self-Storage plans to include several environmentally friendly features, including a \$300,000 geothermal energy system, which does not use fossil fuels, to control the building's internal temperature.

Also in the plans is an Eco-flo septic system,

which would include separate washrooms for the office and apartment as well as the warehouse.

The owner of the facility must receive final approval from the fire department, the Region of York, and submit details of the septic system and retaining wall to the town before a building permit will be issued and construction can begin.

\$10,000 ON MOST FORD VEHICLES.

On 2008 Expedition and Chip Foose F-150. Price Adjustment Varies by Vehicle.

OVER 30,000 VEHICLES ALL REDUCED!

HURRY INTO YOUR ONTARIO FORD STORE NOW!
IT ALL ENDS SATURDAY.
