*Together Lets Plan Ahead ...*

The Town has embarked upon a program to assess the need for, and the opportunities related to, establishing a Community Improvement Plan for the lands situated within and adjacent to the Downtown Core Area of Stouffville. Generally the Study Area can be defined as extending along Main Street, between Ninth Line to a point approximately 200 metres east of Park Drive, and, includes Somerville Street, Commercial Street, Freel Lane and Edward Street northerly to the former Stouffville District Secondary School property.

A Community Improvement Plan is a document to be used by Town Council to assist in revitalizing, rehabilitating and promoting redevelopment of a defined district within the Municipality through various means including: financial incentives; acquisition / disposal of public lands; building rehabilitation programs; and, public outreach.

Town Staff and the Town's Consulting Team are hosting three separate workshops on Wednesday November 5th, 2008 to receive input from interested members of the Community on optional approaches being considered for inclusion in the 'draft' Community Improvement Plan.

The workshops will be convened in the Council Chamber, Town Municipal Office, 37 Sandiford Drive, 4th Floor.
