A gift they won't forget

(NC) - Does your child have a favourite animal? What better stocking stuffer than letting them know that they have bought a piglet or baby goat to live with a family in need overseas. Websites like www.ccfcanada.ca are a quick and easy

way to celebrate holiday memories by selecting a gift for a child in need - all in the name of your own child. Imagine the conversation as they think up names for the new family pet.

Gift giving tips for Secret Santa

(NC) - Stuck participating in another secret Santa gift exchange? No time to come up with the perfect generic gift? Consider a USB or flash drive.

- Students are always looking for a high capacity drive that provides essential backup storage for transferring files, sharing photos and saving assignments.
- Women love gadgets with bright colours and fashionable designs like the SanDisk Cruzer Gator which features a faux-alligator-skin encasing.
- Road warriors depend on portability and speed. Flash drives with online file

backup offer secure storage so their laptops can stay at home.
