Thank You!!!!

The Stouffville Sun-Tribune's 2008 Santa Fund was a huge success. We partnered with our business community and readers and we were able to give a hand up to 24 families this past holiday season.

A Special Thank You to the groups that sponsored entire families. To each and every individual who made a donation to the fund in monetary value or with gifts, it was very much appreciated by the recipients

INSURANCE MYTH #1: All Car Insurance Policies Cost About The Same

TRUTH: The rates charged by different insurance companies to insure the same driver, with the same car, for the same coverage, can vary by hundreds and even thousands of dollars. Take a look at the table below:

Why Do Rates Differ?

If insurance companies all ask the same questions, and sell the same basic policy, why do their rates vary so much? Part of the reason is that each insurance company uses its own claims experience (how much money that company has paid out in claims in a given timeframe) in the marketplace as a key factor in determining the rates charged. Another major factor is your individual profile, which is made up of things like your residence or city, your age, the type of car, number of claims and tickets and annual mileage driven. The combination of these and other factors determines what insurance rate or premium is charged. The key is to figure out which insurance company can offer you the best rate based on all factors.
