# Hit-and-run took life of Stouffville girl in '73

York Region Crime Stoppers needs your help identifying a suspect in connection with an old case in Whitchurch-Stouffville.

It occurred more than 36 years ago.

On Feb. 6, 1973, there was a hit-and-run incident in Stouffville in which a 10-year-old girl was killed.

After 7 p.m., Sheryl Blundell and her friend were walking east along Main Street, near the Ninth Line, when a motorist stopped to ask the girls for directions.

When the girls approached the car, a west-bound vehicle struck the girls.

The driver slowed then sped up and left

the area.

Sheryl died in hospital while her friend suffered serious injuries.

The only description of the vehicle was that it was a 1960s full size Ford that was either red or grey or a combination of both.

The incident was re-enacted for a Crime Stoppers TV news item, but remains unsolved.

If you have any information on this incident, contact Crime Stoppers at 1-800-222-TIPS, leave an anonymous tip at [www.1800222tips.com](http://www.1800222tips.com) or text TIPYORK and your message to CRIMES (274637).

## Early birds can catch earlier GO bus

GO Transit's Stouffville-area commuters will be able to get an earlier start on their commute.

Beginning Monday, the

first bus of the day will leave Uxbridge Railway and Spruce at 4:35 a.m. and will call at Goodwood at 4:48 before arriving at Lincolnville at 4:54 a.m.

It then goes to Stouffville (5 a.m.), Mount Joy (5:12

a.m.), Markham (5:16 a.m.), Centennial (5:20 a.m.), Unionville (5:25 a.m.) before ending at Toronto-Union Bus Terminal at 5:50 a.m.

Go to [gotransit.com](http://gotransit.com) for more information.

**Water for Tomorrow**  
Your water. Your community. Your choice.

Everything Old is New Again!  
City TV's Frank Ferragine

Saturday March 7th  
11:00 am to 12:30 pm

Markham Theatre, 171 Town Centre Boulevard, Markham

Composting, rain barrels, English perennials and kitchen gardens: these new trends are all revisited from the days gone by. The desire to create sustainable and natural gardens has led us back to our past. Frank will discuss the revival of old school garden techniques and how they are being used in today's modern world.
