

OHL teams pick Hulshof, Robinson

Two Whitchurch-Stouffville minor hockey players received their draft notices when the Ontario Hockey League conducted its annual priority selection Saturday.

Shawn Hulshof, a 15-year-old, six-foot, 165-pound forward with the Markham Majors minor midgets this past season, was chosen in the 12th round and 231st overall by the Guelph Storm.

The Grade 10 student was also a member of Markham's Brother Andre Cardinals senior boys' hockey team that won the York Region high school title last season.

In the 15th round, the Barrie Colts chose five-foot 10-inch, 150-pound forward Mike Robinson with the 293rd pick overall.

Robinson, 15, played this past season with the South Central Coyotes minor midgets out of Richmond Hill.

15-year-old atop men's golf qualifier

At 15 years of age, Gajan Sivabalasingham was the youngest competitor at the Golf Association of Ontario's men's match play qualifier at Cherry Downs Golf and Country Club in Pickering Monday.

But that did not prevent the Ballantrae resident from reaching the top of the field.

Carding a four-over-par 75, Gajan finished in a two-way tie with Richard Persaud for first place and a berth in the finals June 2 to 5 at the Lake Joseph Club in Port Carling.

A Grade 10 student at Town Centre Montessori Private Schools in Markham, Gajan will be in Mendon, N.Y., this weekend to compete in the American Junior Golf Association's Preseason Junior.

Summer RP4K students can learn University Level Game Programming while they're still kids!

Your child or teen loves video games & does well in math without trying. They may have said that they want to design & program video games as a career!

At **Real Programming 4 Kids™** your kid can learn the secrets of game design, advanced math & real game programming while having tons of fun!

At RP4K's 2nd summer of Richmond Hill Game Programming Camps we will teach your 9 to 17 year-old **REAL PROGRAMMING LANGUAGES** including; C#, XNA, Visual Basic, Java and C++. We do not use canned game making software. There are never more than **4 kids to an instructor!**

RP4K game programming camps take place at the RHCOC.
