

25 Years of the Best in LIVE Performing Arts

Twenty-five years ago Markham was a new and emerging community of 100,000 residents who were building a reputation for rich culture, heritage and opportunity. At that same time, bricks, mortar and dreams came to life in the form of our new Markham Theatre. The legacy of those dreams stands before us today as does a community that is even more vibrant, culturally rich and diverse. The Markham Theatre is now one of Canada's premier theatre houses serving the GTA and 300,000 Markham residents. The theatre's success is a testament to the inclusivity of our community, the depth of artistic talent that has chosen Markham to be home, and the artists who grace our stage.

Since its first curtain call our theatre is a world-class stage embracing professional and amateur artists from Markham and around the world – providing entertainment to over three million guests. With recent improvements and a fresh face, the theatre welcomes over 125,000 guests each year, provides seating for 530, and presents a performance calendar that ranges from community productions and professional shows to Chinese Acrobats.

Today, the success, excitement and vibrancy of Markham Theatre is a reflection of 25 years of tremendous contributions from our community, our theatre founding groups, past and present Councils, volunteers and board members. We are deeply indebted to them for bringing the Markham Theatre to life and establishing it as a cultural and artistic cornerstone of the community.

The 25th anniversary season is a great moment for the Markham Theatre and this season will be one of the best for all to enjoy.
