

## Car Insurance Roadblock

### Consumers concerned insurers don't want drivers with tickets or accidents

#### Worried Your Spotted Driving Record Means You've Got Nowhere To Turn For Car Insurance?

Don't be. While it's true that, all things being equal, your tickets and accidents make you a more expensive risk to insure than a similar car and driver with a clean driving record, that doesn't mean you should have trouble finding insurance – assuming you know where to look. Different insurance companies target different types of business and this is reflected in things like their claims service, marketing efforts, discounts, and most importantly for you, their rates.

#### Should I Just Accept That I'll Have To Pay A Bundle?

No. Sadly, this is a mistake many drivers make and it can be a costly one, especially if they don't bother to shop around for the lowest rate available. The key to finding the best rate, especially if you have tickets or accidents on your driving record, is to figure out which insurance company of the more than 30 in Ontario has the best rate for your particular situation. And with rates varying so wildly across companies, chances are you are not with the company that has the lowest rate for your profile right now.
