

**CARLO & ANGELA
BALDASSARRA FAMILY
DONATE \$1 MILLION FOR EXPANSION**

Building Our Hospital TOGETHER!

Founder of Canada's largest homebuilder, Carlo Baldassarra and his family made a substantial gift to help double the size of Markham Stouffville Hospital by 2014. The Greenpark Group of Companies has built about 60,000 homes in the GTA and has won numerous awards for quality.

Continuing his life-long devotion to building quality neighbourhoods, Mr. Baldassarra is giving back to the residents of Markham & Stouffville by helping expand their local Hospital to meet the needs of our growing community. In honour of the family's generosity, the Hospital has named the Carlo & Angela Baldassarra Family Ultrasound Centre.

“It is our hope that our home-owners in Markham and Stouffville benefit from the same compassionate care that we have received time and again at Markham Stouffville Hospital, where all six of my beautiful grandchildren were born. Our family made this donation to recognize our remarkable Hospital, and to be part of its continuing growth and success. As a family man with deep personal connection to this Hospital, I believe in building more of it.”

Carlo Baldassarra,
President & CEO, Greenpark Group of Companies

“In many ways the great community we have today, the new families that call Markham and Stouffville home and the quality of life we enjoy are a tribute to Carlo's vision, efforts and generosity. With this extraordinary gift, the Baldassarra family continues its legacy by helping make our urgently-needed Hospital expansion possible. With this gift, we pass the first \$10 million mark raised towards our \$50 million target! Thank you Carlo and the Baldassarra family!”

Mayor Frank Scarpitti, Campaign Co-Chair

“Carlo Baldassarra is a long-time and valued supporter of Markham Stouffville Hospital. We first experienced his generosity when Greenpark made a major donation to support our Building Fund 20 years ago. Today, his leadership gift is an immense symbol of Carlo's commitment to our Hospital and the community he helped build. We are truly grateful to have such inspiring advocates for our staff and physicians.”

Janet M. Beed, President & CEO, Markham Stouffville Hospital
