HOME MAKERS

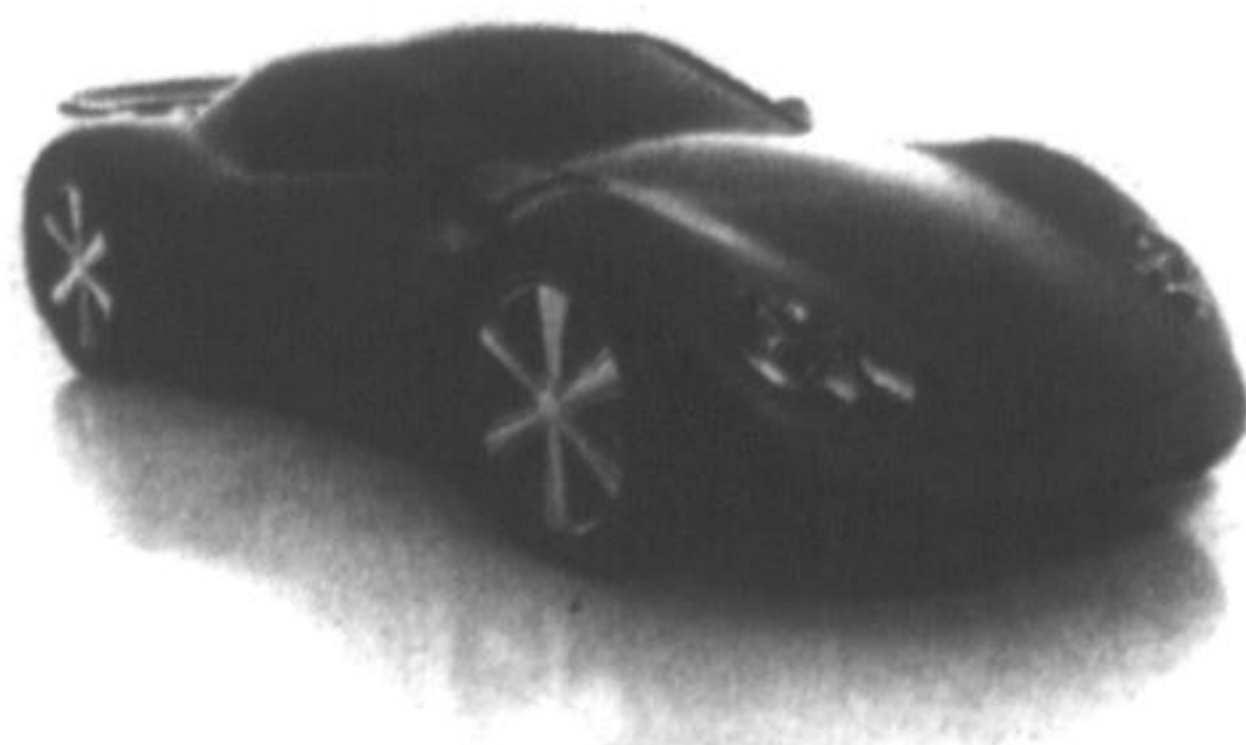

Katrina Moretti, 6, directs the construction of a home for herself at the Latham Gallery on Saturday. To recognize the gallery's current show, **Hidden in Plain Sight: Living Homeless in York Region**, families were invited to join visiting artist Sue Cohen at an RBC-sponsored event to create a miniature shelter and fill it with their hopes and wishes for those who have no home. This striking series of photographs taken by York's homeless is on display at the gallery until Feb. 13.
