CONSTRUCTION NOTICES

McCOWAN ROAD REHABILITATION

McCowan Road will be reconstructed this summer from Vandorf Sideroad north to Aurora Road by K.J. Beamish Construction Co., Limited. This is the third phase of construction for the McCowan Road Improvement project, which was approved in 2007. The work includes in-place recycling of the existing asphalt surface; 3.3m lane widths with 0.4m asphalt gutter where required, and 1.2m granular shoulder; and centre-line and edge of pavement lane markings. Lane restrictions will be encountered frequently as construction progresses. Funding in part for this construction project is provided from the Canada-Ontario Infrastructure Stimulus Fund.

TENTH LINE RECONSTRUCTION

The Tenth Line Improvement Project continues in 2010 with the reconstruction of Tenth Line from Main Street south to Mantle Avenue, and the rehabilitation of Main Street from Tenth Line to Eastern Gate Crescent. Miwel Construction Limited will be undertaking the work which includes: full depth reconstruction and urbanization of the two-lane arterial road from Main Street south to Mantle Avenue, with concrete curbs, gutters, and storm sewers, street light illumination, sidewalks on both sides, and grassed boulevards. Roundabouts (traffic circles) will be constructed at Mantle Avenue and Hoover Park Drive. The work is expected to proceed from May to November 2010.

Please consider an alternate route and exercise caution if you do travel through these construction areas.
