

# Churches take bids at weekend sales

Two Whitchurch-Stouffville churches are hosting charity auction sales during the next two weekends. Both feature items from Stouffville-area estates and families.

Christ Church Anglican's sale is this Saturday from 11 a.m. Viewing begins at 10:30. Items include a pump organ, antiques and small electrical appliances.

A lunch counter will be open. All proceeds will support the church's community outreach programs. The church is at 254 Sunset Blvd.

Lemonville United Church's sale will be held at the Lemonville Community Centre, 13453 McCowan Rd., June 5 at 11 a.m. Viewing starts at 10. Lunch will be available.

A Queen Anne Chair, crank telephone, silverware, hand-caned chairs and quilts are on the auctioneer's list. So are services, including butter tarts and pies for a year, a gourmet dinner party for four and golf for three.

## NOTICE OF COMPLETION CLASS ENVIRONMENTAL ASSESSMENT

### GROUNDWATER EXPLORATION FOR ADDITIONAL WATER SUPPLY IN THE COMMUNITIES OF BALLANTRAE- MUSSELMAN LAKE AND BLOOMINGTON IN THE TOWN OF WHITCHURCH-STOUFFVILLE

The Regional Municipality of York (York Region) has completed a Municipal Class Environmental Assessment (Class EA) study to identify the preferred solution for the delivery of a secure water supply and to provide firm capacity in the communities of Ballantrae-Musselman Lake and Bloomington.

The study has been conducted under **Schedule B** of the Municipal Class Environmental Assessment (October 2000, as amended in 2007) under the Ontario *Environmental Assessment Act*. Public Consultation Centres were held on December 6, 2006 and April 14, 2010 to present the study findings, including identification of alternative solutions, and to receive public comment and input on the study.

The preferred solution is a new groundwater production well located on the Ballantrae Fire Department property within the Community of Ballantrae-Musselman Lake. This well will provide a more secure water supply and firm capacity for the existing water supply system. In order for construction to proceed, land acquisition from the Town of Whitchurch-Stouffville will be required. Due to current provincial legislation, the extension of communal water servicing to the Community of Bloomington cannot be provided.

Subject to the comments received as a result of this Notice and the receipt of other approvals, as necessary, York Region intends to proceed with the detailed design and construction of this project.

A **Project File** has been prepared for this project. The Project File describes the identified problem, the assessment of alternatives and the preferred solution, as well as the public and agency consultation program conducted during the Class EA study.

This Notice places the Project File on public record for review and is available at the following locations during regular business hours:

The Regional Municipality of York  
 Clerk's Department  
 17250 Yonge Street,  
 Newmarket, Ontario  
 Monday to Friday:
