SCHELL LUMBER HOME BUILDING CENTRE

To say that Schell Lumber Home Building Centre is popular with Stouffville-area shoppers is something of an understatement. The family owned and operated lumber and building supplies company has just been voted Best Home Improvement Store in the Reader's Choice Awards.

"We've come a long way since 1922, when my Grandpa was manufacturing wooden trim, doors and windows here," says Ron Schell. "We still do manufacturing upstairs in the old shop, but now we handle home repair and renovations, lumber, paint, hardware, tools, plumbing and electrical supplies, farm-related products and clothing and all manner of building materials, including design work."

While the company has continued to evolve, he says, its commitment to providing knowledgeable and courteous customer service has remained unchanged, as has the ability to provide a wide variety of products at everyday competitive prices.

Today, more than 70 employees, many with more than 20 years experience, comprise the Schell team at the 14,000-square foot Edward Street store in Stouffville and the Dalton Road location in Sutton. The staff's ability to work together as a team and continuously learn and improve is directly related to the store's success, says Ron.

"It's the people that make a business a success, and we're very fortunate to have a professional staff with a solid mix of retail and contractor backgrounds combining to provide a very knowledgeable and diversified team who work together as a family."

The company is committed to growing with the community as it moves forward into the future. Schell Lumber Home Building Centre maintains a strong neighbourhood involvement, not just in Stouffville and Sutton, but across York Region, says Ron. "Our philosophy is to treat customers like friends invited into our home, and to be involved in our community through interaction and support."

Schell Lumber Home Building Centre is located at 33 Edward Street and Ron can be reached by calling 905-640-3440.
