Reader's Choice 2009

STOUFFVILLE FINE FURNITURE

As they have so many times in the past, the Reader's Choice Awards for Best Furniture Store and Best Mattress Store go to Stouffville Fine Furniture, the family owned company that has been offering Canadian quality home furnishings.

Stouffville Fine Furniture is best known for its selection of solid wood Canadian furniture, says owner Ville Papas. "We believe it's important - in good times and bad - to offer mostly quality Canadian manufacturers," she says. "We emphasize craftsmanship and style beyond anything that big-box stores can offer."

There is a diverse selection of quality Canadian products from companies like Bogdon & Gross, Bermex, Midi, Villegois, Buhler, A.P. Industries, Super Style, Décor Rest, Perri, Ferretti and Future Fine Chair, providing a mix of traditional and contemporary designs. Stouffville Fine Furniture is also a Simmons Sleep Centre and Mattress Gallery, specializing in a wide variety of quality, comfortable mattresses from Simmons.

More importantly, they offer in-home design services - going out to clients' homes to find the solutions to the decorating challenges they face. "Our staff is fully trained in the art of interior design and decorating," says Ville. "They can help turn your home into a decorator showcase or simply add one or two elegant touches to a specific room." Come in and compare our low prices.

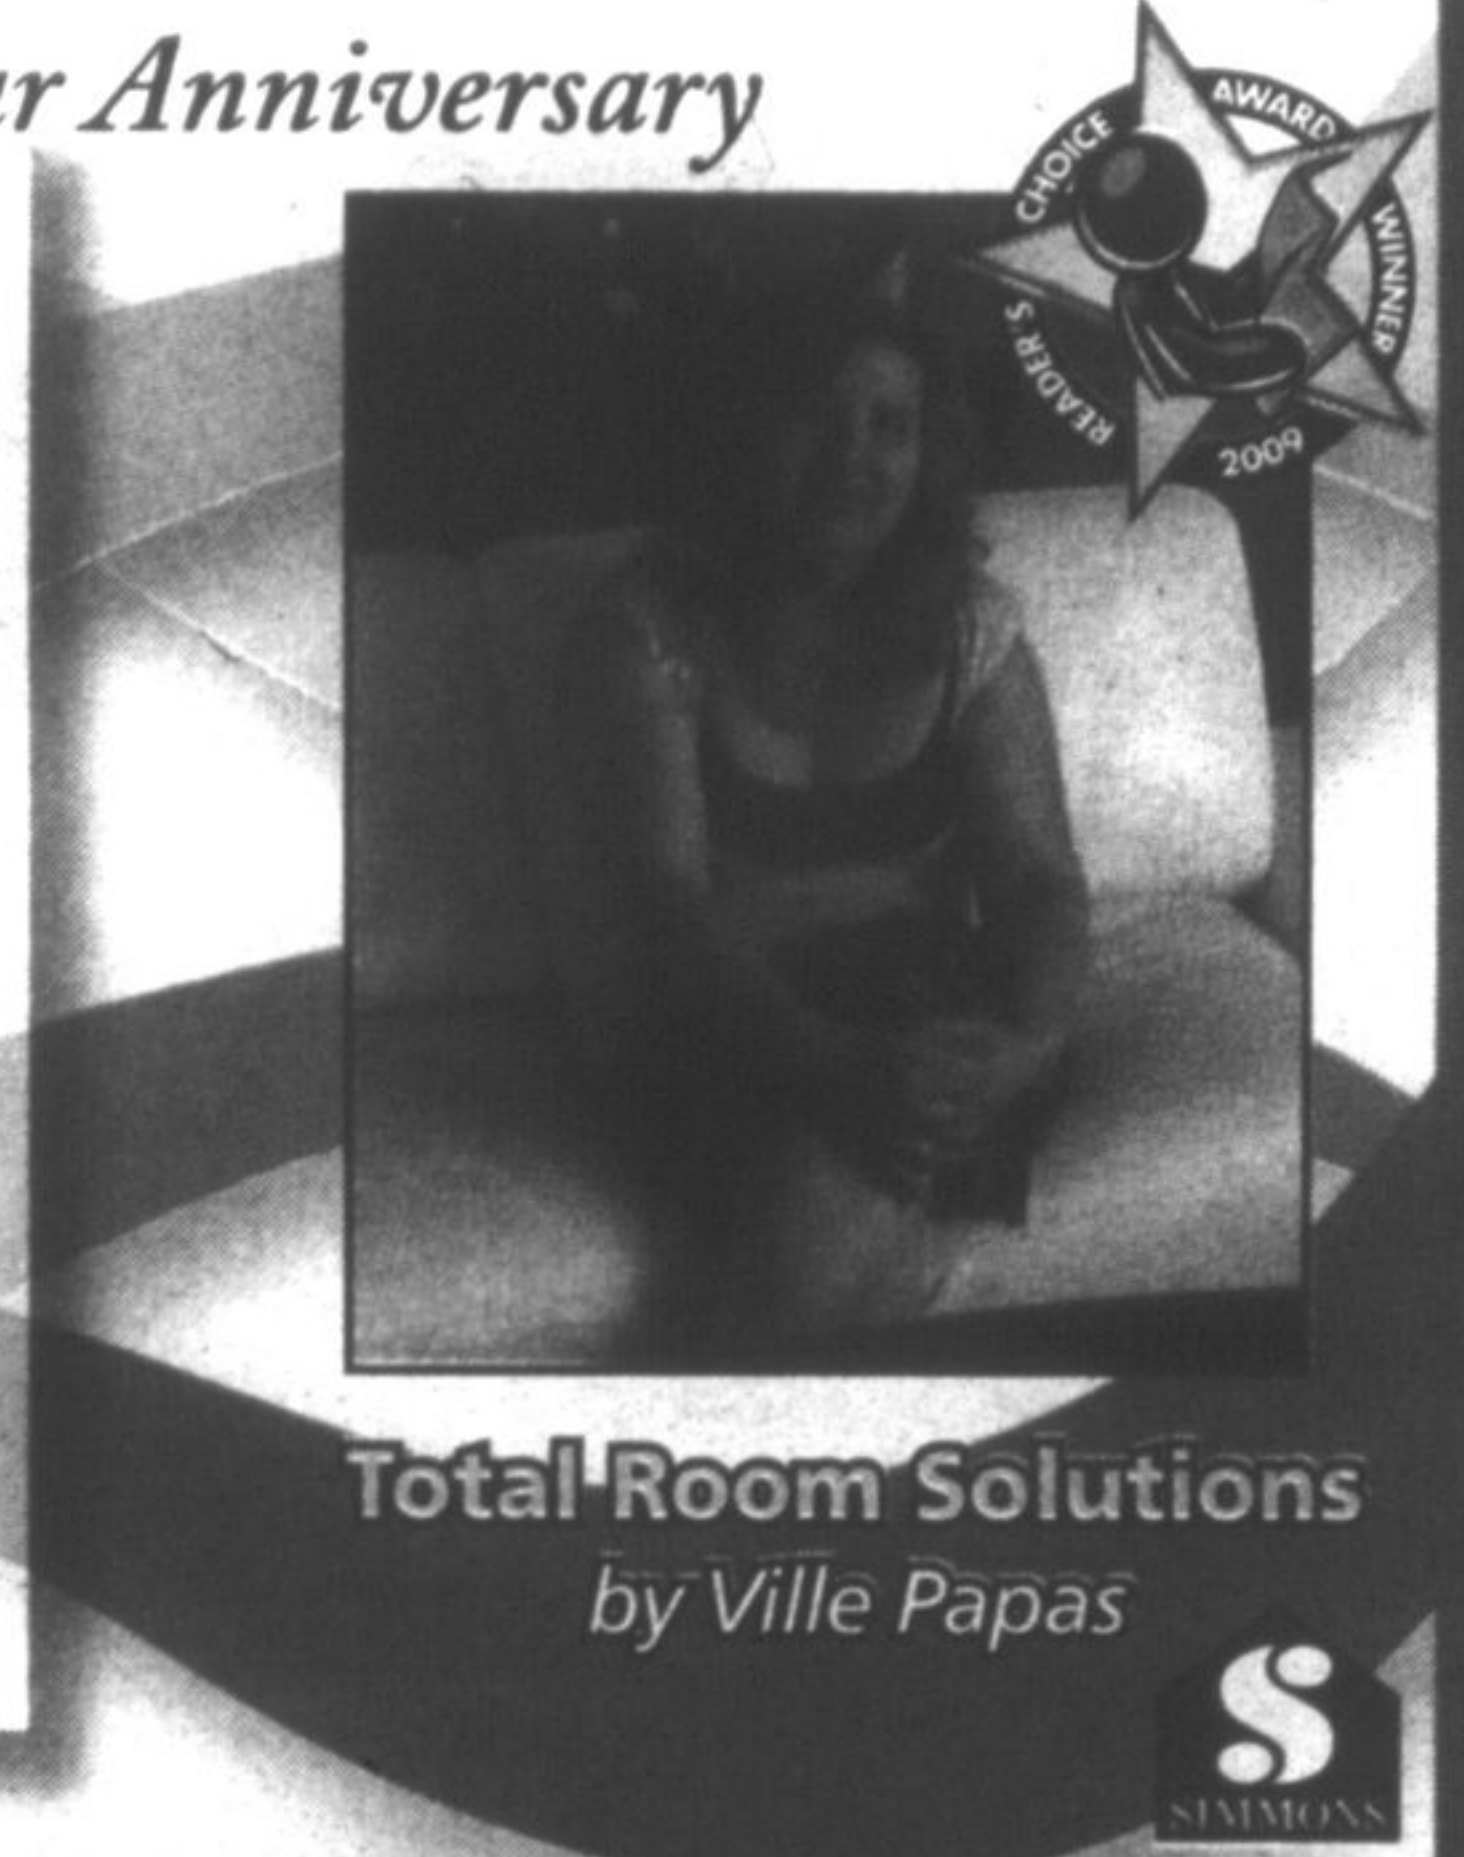

The hallmark of the company, she says, is design sensibility and creative interpretation of a wide variety of furniture styles and traditions. Adding style, value and enjoyment to your home is their first priority. They're building an enviable reputation for making beautiful homes, one client at a time.

Stouffville Fine Furniture's 10,000-square-foot style centre is located at 6327 Main Street. They can be reached by calling 905-642-6774.
