

GOVERNMENT: Tenders awarded for Stouffville street projects

Museum expansion expected to cost town \$3.25 M

VGN Construction has been awarded the Whitchurch-Stouffville Museum expansion project.

The bid came in at \$2,888,000 including taxes. Council also approved a contingency amount of \$365,000.

The anticipated cost of the project is \$3,253,000, which is about \$4,000 shy of the projected budget.

The design consists of a 9,000-square-foot addition that will connect the existing Bogarttown Schoolhouse and Vandorf Public School buildings, creating barrier-free access to all three spaces from the

inside.

The project is being funded equally by the federal and provincial governments and the Town of Whitchurch-Stouffville.

MILLARD STREET

The second stage of Millard Street's improvement project will be completed by Furfari Paving Company for \$186,236.

Deficient curbs and gutter sections in various locations will be removed and replaced from Greenwood Road to 100 metres west of the railway crossing.

Manholes and catch basins will also be

repaired and cold milling of the existing asphalt and asphalt resurfacing will take place.

Construction is expected to begin next month and be completed in August.

VICTORIA STREET

Pentad Construction Ltd. was awarded the Victoria Street reconstruction project for \$522,402.83 including GST.

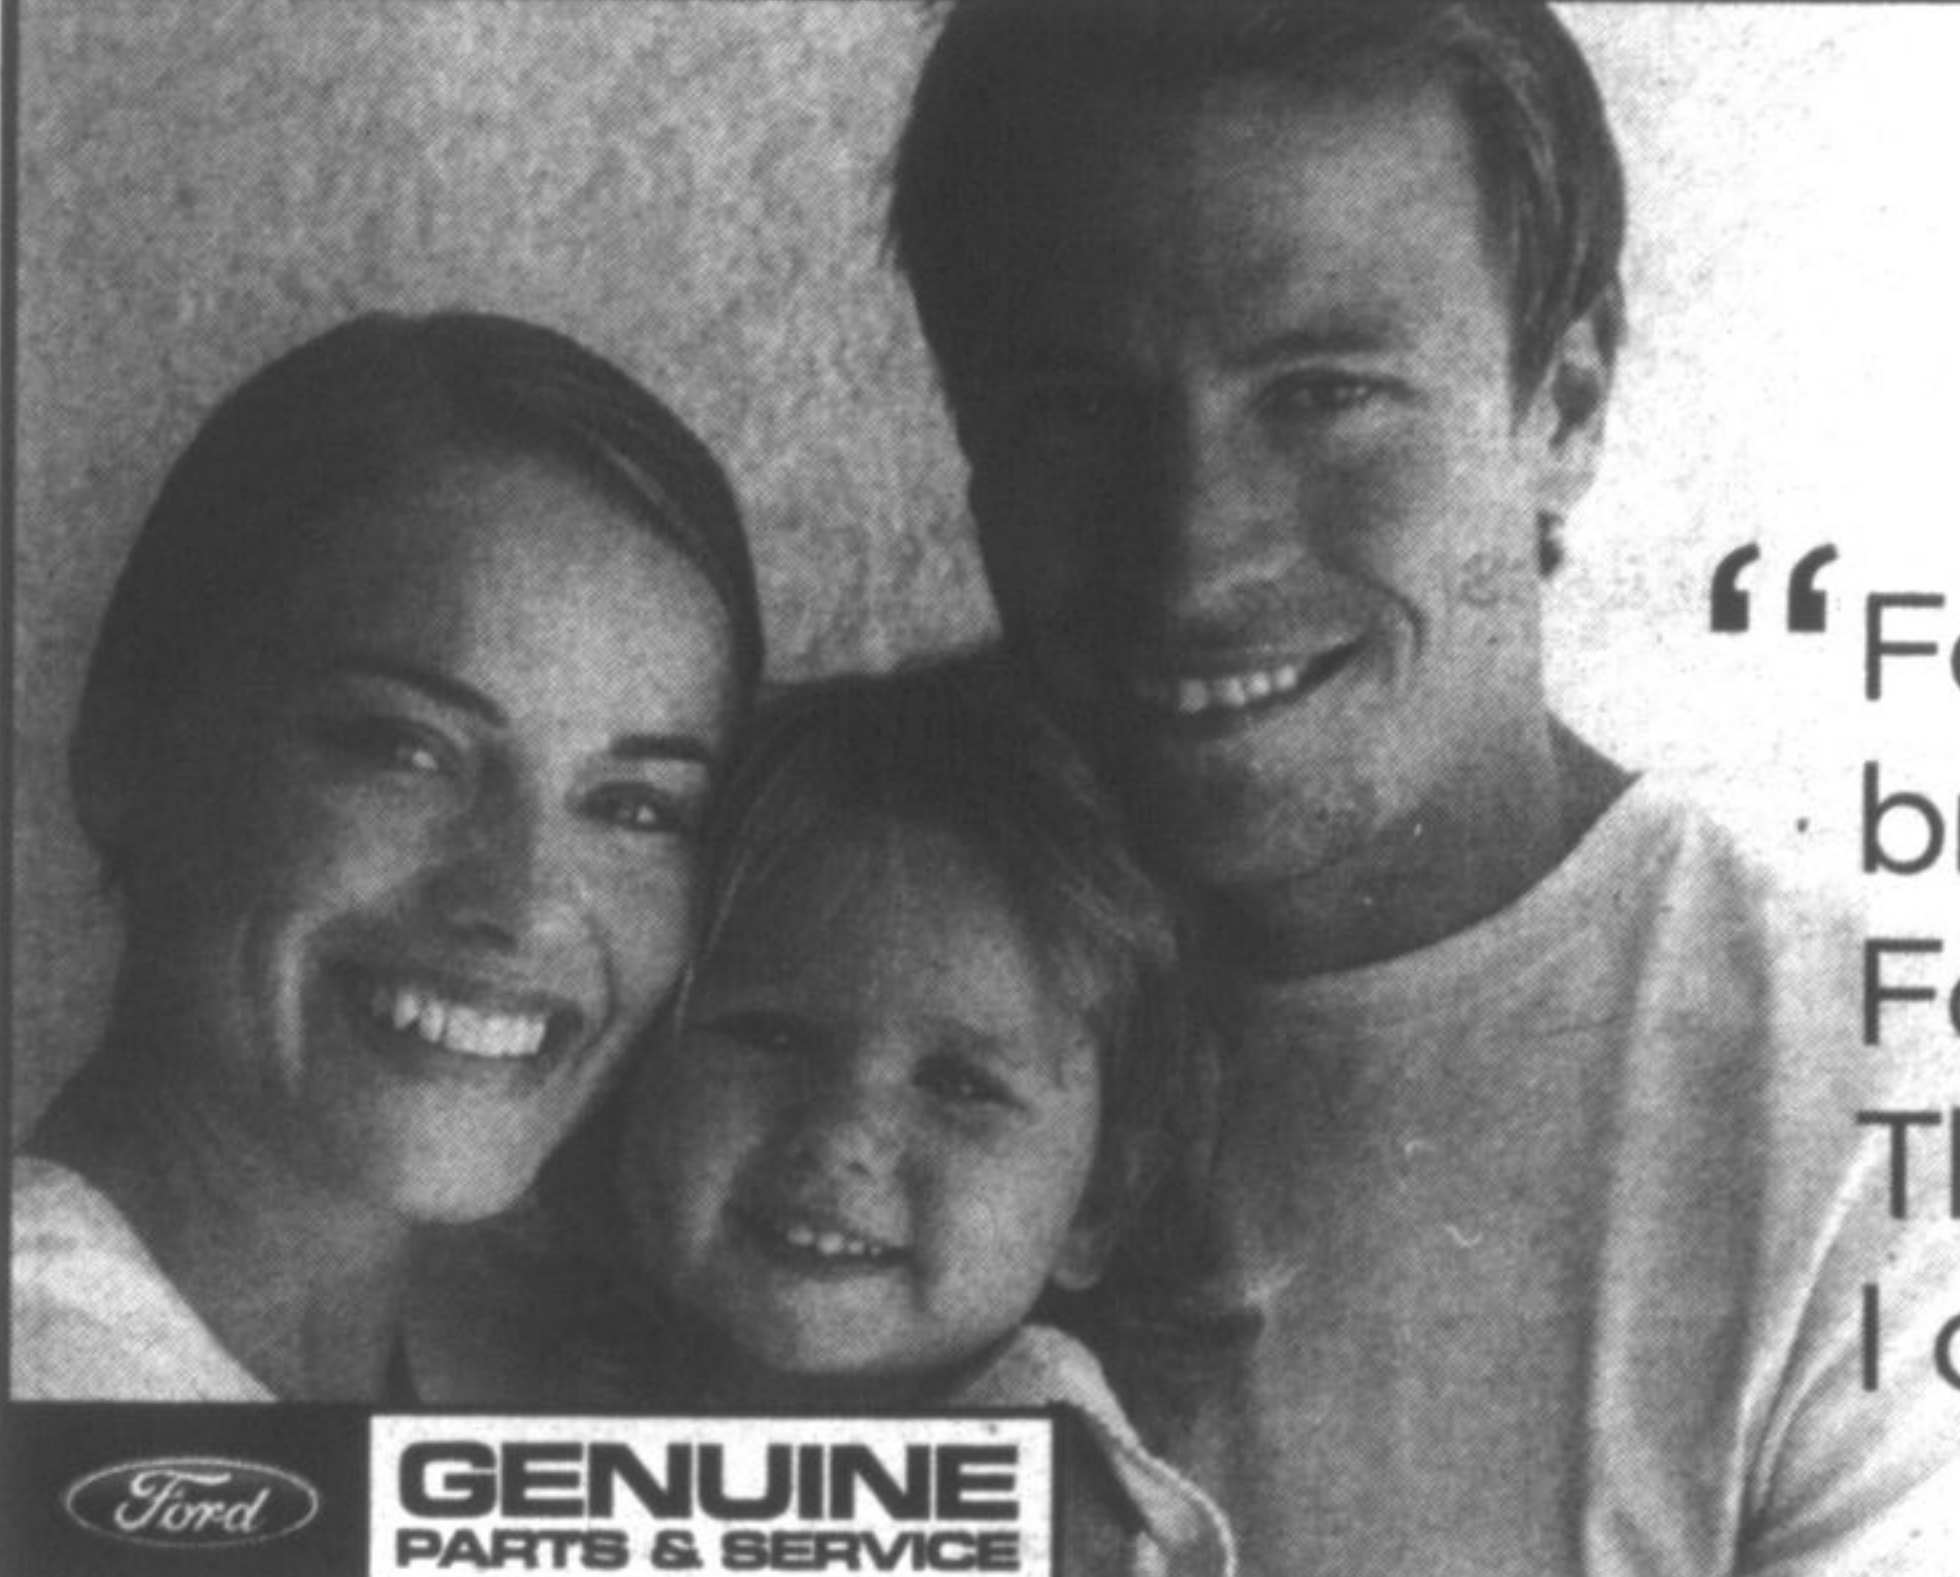

An additional \$52,240.28 was authorized by council on May 18 for contingencies.

Victoria Street is a two-lane residential road with gravel shoulders and a sidewalk

located west of the GO rail line between Main Street and Sunset Boulevard and is generally in poor condition, according to a report by Frank Ierfino, manager of engineering services for the Town of Whitchurch-Stouffville.

The work planned for this construction project consists of reconstruction and urbanization of the two-lane road from Main Street south to Sunset Boulevard with concrete curbs and gutter and the sidewalk on the east side will be replaced.

GENUINE PARTS & SERVICE

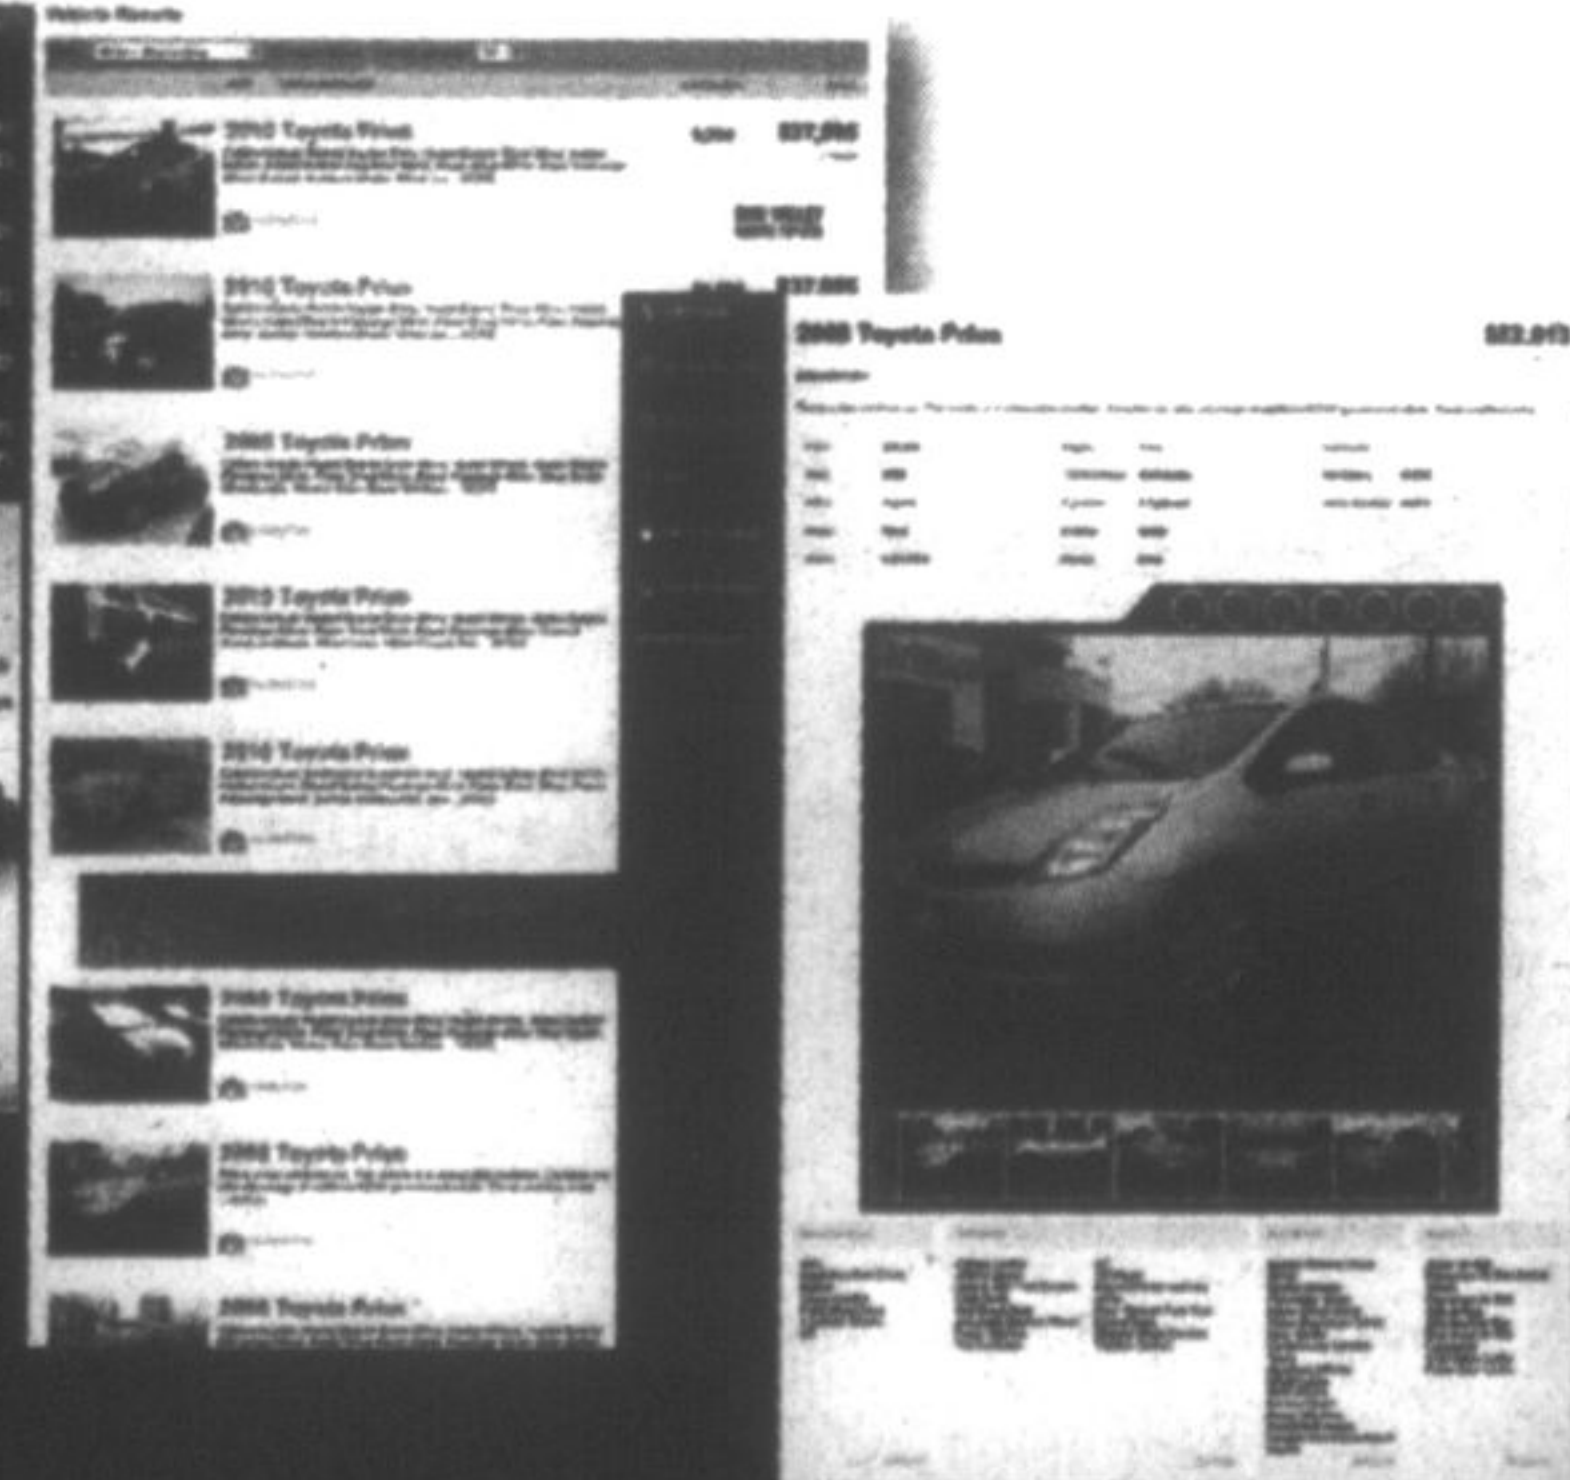

Drive one.

All offers expire June 30, 2010. See service advisor for complete details. Applicable taxes and provincial levies not included. Dealer may sell for less. *Based on a 2010 Ford Fusion V6 automatic that has a fuel consumption rating of 10L/100 km in combined city/highway driving (properly tuned), a year driving distance of 24,000 km and \$1.02 per litre for gasoline. Improved fuel efficiency and emission reduction levels depend on model, year and condition of vehicle. See Service Advisor for complete details. †Ford Protection Plan is only available for non-commercial cars and light trucks. If an eligible Ford, Motorcraft® or Ford-approved part fails due to a defect in material or workmanship, wear out or rust through, it will be replaced at no charge as long as the original purchaser of the part owns the vehicle on which the part was installed. Labour is covered for the first 12 months or 20,000 km (whichever occurs first) after the date of installation. Emergency brake pads or shoes are not eligible under this plan. See Service Advisor for complete details and limitations. ‡Excludes emergency brake pads or shoes. Machining of rotors and drums available at additional cost. Some restrictions apply. See dealer for details.

Simple. Quick. Effective.

- Search tens of thousands of new and used vehicles.
- Access 14 photos for a complete 360° view of each vehicle.
- Rely on detailed and accurate vehicle descriptions.
- Compare multiple makes and models of vehicles at the same time.
