

Veterans getting their parkway

Mostar Street between Main Street and Hoover Park Drive in Stouffville will have an honorary dedication as Veterans Parkway.

The request was made earlier this year by the Royal Canadian Legion Branch 459 to honour the municipality's veterans.

The legion is relocating its facility from

Ninth Line to a property on Mostar Street, south of Southwire.

New Main St. espresso bar first to get downtown improvement loan

A downtown business has finally taken the town up on one of its community improvement plan programs.

The Red Bulb Espresso Bar, which will open this summer at Main and Edward streets, has been approved for a \$5,432 loan under the building facade and sign loan program.

The money will be used to install a window and front entry door.

"With respect to the front window and entry door, the renovation does provide an immediate visual impact.

"The proposed four wide bi-fold window and front entry door, including the replacement of the existing fixed transom over the doorway, reinforces the 'boutique' appearance of a cafe," wrote Andrew McNeely, director of planning and building services for the town.

The loan is half the value of the project's cost and is payable over a maximum of 10 years, interest-free.

Last June, council adopted a Downtown Stouffville Community Improvement plan. The Red Bulb is the first business to file and be awarded funding assistance in Stouffville.

The plan encompasses a broad range of financial tools, property acquisition/disposal objectives or business partnerships that have been established to assist in the enhancement or redevelopment of a specific area of the municipality which is in need of assistance/leadership/rejuvenation.
