BUILDER TURNS TO BOOKS

GERANIUM HOMES PHOTO

Boaz Feiner (left) of Geranium Homes/Geranium Corporation and writer/actor Neil Crone check out copies of their new book, *Coby Builds a House*. About home building, the book is aimed at young children, and to raise funds through donations for charities and non-profit organizations. It was inspired by Mr. Feiner's sons, Coby, Etai and Nate. It's being launched today from 1 to 4 p.m. during a barbecue in the park at Geranium's Cardinal Point community in northwest Stouffville. The suggested donation per book is \$10. Funds raised until Sept. 30 will go toward the mayor's food drive in support of the Whitchurch-Stouffville Food Bank.

"Getting my kids to go for dental check-ups is no longer a drama."

After his partnership with a major multi-clinic practice in the GTA, Dr. Sheldon Lazier moved to Stouffville to found a more patient-focused family dentistry practice. Dr. Waseema Ali enjoys making children and patients of all ages feel welcome and comfortable. Leon Kofman DD is a denturist who has a special interest in implant-retained dentures.

Our entire team is committed to patient well-being. From toddlers to seniors, we're here to serve all your family and cosmetic dentistry needs.
