**Have you heard about DYSTONIA?
The answer is probably NO.**

Over 50,000 Canadians suffer with often misdiagnosed primary dystonia a neurological disorder that causes involuntary and painful muscle contractions.
With treatments available correct diagnosis of dystonia is crucial.
There are many different forms of dystonia (affecting men, women and children of all ages) producing muscle twisting, spasms and pain that can affect many different parts of the body including neck, eyes, jaws, hands, feet, and limbs.
If you think you might have dystonia call: 1.800.361.8061 or visit: www.dystoniacanada.org
