ENBRIDGE

Is the sewer service line beyond the outside wall of your home or building blocked? If so, it is extremely important that you make sure no natural gas line intersects the sewer line before attempting to clear it. Using rotating or water jetting equipment to clear a blocked sewer line can damage a natural gas line and cause a serious gas leak. Ontario One Call offers free Natural Gas Sewer Safety Inspections on behalf of Enbridge. Inspections are offered throughout the Enbridge Gas Distribution service area, even if you are not a natural gas customer.
