southern Ontario home.

Mr. Murray... was acquitted in 2000.

The fact the tapes existed wasn't revealed publicly until after Crown officials made a deal with Ms Homolka, in

which she agreed to plead guilty to two manslaughter charges and spend 12 years in prison in exchange for her testimony against her ex-husband.

Mr. Murray, who retrieved the tapes at Mr. Bernardo's direction in 1993 and held them for more than 16 months before disclosing them to John Rosen, his successor, was acquitted in 2000.

FROM THE DESK OF THE FIRE CHIEF:

Carbon Monoxide (CO) is called the "silent killer" because humans cannot detect it. You need a CO alarm if you have a gas furnace or any other fossil-fuel burning appliance or wood fireplace. Install a CO alarm near sleeping areas. If your CO alarm sounds, move to fresh air immediately. For more information about Carbon Monoxide please contact Jennifer Cooper in the Fire Prevention Division at 905-640-9595 ext 236
