

New  
You

## If you have chipped stained or ill-fitting dentures, let denturist Fernando Crupi give you a smile makeover!

**A**t The Tooth Shoppe, denturist Fernando Crupi specializes in removable partial, full and implant-retained dentures and his patients' smile transformations can range anywhere from the subtle to the extreme.

"Some of my patients are only looking for a slight change, while others want to dramatically alter their appearance," says Fernando. "If it's been a while since you replaced your dentures, you may have a sunken appearance around the mouth and your teeth may barely show when you smile." A new set of dentures, customized to your exact specifications, will have you smiling with confidence. And replacing your old dentures may also provide relief from such frequent symptoms as headaches, earaches, neck pain and joint problems, all caused by the laborious chewing and difficult digestion due to worn-out back teeth.

While many people with stained or chipped dentures are happy to replace them with a new and improved "movie star" smile, Fernando has noticed that an increasing number of his patients are asking for a more natural look. "For some, a perfect smile means

a slight imperfection here and there... so that their dentures look more like their natural teeth once did." And if the wires from your partial denture are showing, Fernando can fix those, too.

What are you waiting for? Feel confident while eating, speaking, smiling and laughing with dentures that fit!

To book a free, no-obligation consultation, call The Tooth Shoppe at 905-471-3381 or drop by 5990 16th Avenue (at Main St.), Markham, beside Global Pet Foods.
