

Discover your forest at meeting

You can learn more about the Oak Ridges Trail Association next Thursday in Ballantrae.

The association's Discovery Night is a regular event where Whitchurch-Stouffville area residents and members can enjoy an evening of interesting speakers talking about outdoor activities, hiking, travel and the natural environment.

A couple of years ago, ORTA executive director Harold Sellars founded the event as a way for members to socialize outside hiking, said Brian Millage, chairperson of the chapter in Uxbridge, as well as a hike leader in the Whitchurch-Stouffville. "We thought it might also bring in other folks interested in the outdoors, travel and community activities across the moraine."

Discovery Nights have included speakers on birding, raptors, local nut and honey production, hiking in various countries, canoeing and kayaking, and volunteer participation at the Vancouver Olympics. Many of these top-

ics are presented by local members based on their personal experiences.

If you live in Whitchurch-Stouffville, it's likely you've gone for a walk in one of the many tracts that make up the York Regional Forest. The trail association has a partnership with York Region, which has helped this volunteer organization develop a series of interconnected trails across York.

Sandra Malcic, regional greening co-ordinator for the region, will share the unique history of the forest and ORTA's role in trail management at next Thursday's meeting. She will also talk about where York Region's Greening Strategy is headed.

The meeting will run from 7 to 9 p.m. at the Ballantrae Community Centre, 5592 Aurora Road.

A \$5 contribution at the door includes a ticket for door prizes.

The new ORTA Trail Guidebook & Maps will also be available for \$22.
