

Town officially Water Smart, again

You live in a water-safe community.

The Town of Whitchurch-Stouffville will be presented with its third Lifesaving Society Water Smart Award for outstanding drowning prevention awareness and community service March 25.

To qualify, the town introduced a number of creative and unique materials and programs, including:

- The Within Arms Reach brochure for parents/caregivers of those with special needs.
- Youth Access cards were introduced to allow access to free Saturday Night Swims.
- The Wet Wheels in Motion program, an aqua wheelchair loan-out that provides a chance for participation at local splashpads.
- A Geocache messaging program was launched to spread word on drowning prevention across Canada.

Along with these awareness heightening materials, leisure services staff and volunteers promoted water safety messages through participation in both local and regional community events.

Youth Access cards were introduced to allow access to free Saturday Night Swims

The Water Smart Award is presented annually to an affiliate of Lifesaving Society Ontario, which is a national, charitable and volunteer organization working to prevent drowning and other water-related injuries through awareness and training programs.

BANKS WORK FOR PROFIT
